# A PIECE OF THE ACTION

As time goes by, we think back to those certain moments in our lives that make us into what we are, and what we will be. Many of these moments happen in our adolescent years, the high school years. This book is a collection of the people and actions that make up the pieces of history that will forever live in our thoughts and memories.

The school year was full of memories and thoughts of years past. Freshman begin the trek down the four year road we call high school. They witnessed new events, and grew up tremendously. All of this was happening while across the school the sophomores were adjusting to their tremendous leap from freshman inferiority to veterans of the game. As sophomores the nervousness was almost gone, the apprehension of the unknown disappeared, and ordinary life becomes a reality. In the middle of the freshman and sophomore settling, the junior class had it all under control. The juniors are experienced enough to know the goings on around school, and can relate past experiences to modern problems. They remember life as a freshman, they survived it. They remember life as a sophomore, they survived it. They are confident that the survival of the junior year will be a given. And yet the ever present confidence of the juniors is lacking in comparison to the sheer knowledge of the seniors. They have almost done their time and are realizing the end of the road they began as freshman is near. College plans are being made, careers are being chosen. The finality of it all hits, but out of all these pressures the joy of the end fills every senior with the will to succeed and the desire to leave.

**WHO'S THAT?...**Juniors Michelle Penfold and Kristen Lidgren look back to find an awaiting camera. The two girls were great friends, frequently wandered the halls.

**HANG LOOSE...**Senior Jeff Lanz shows he is ready to hang loose at the evenings basketball game. Lanz enjoyed wearing his warm-up on game days, to show he was a team member.

**ALL DRESSED UP...**Junior Eric Latimer is all dressed up for his band concert. Latimer was involved in many activities, including band and sports.

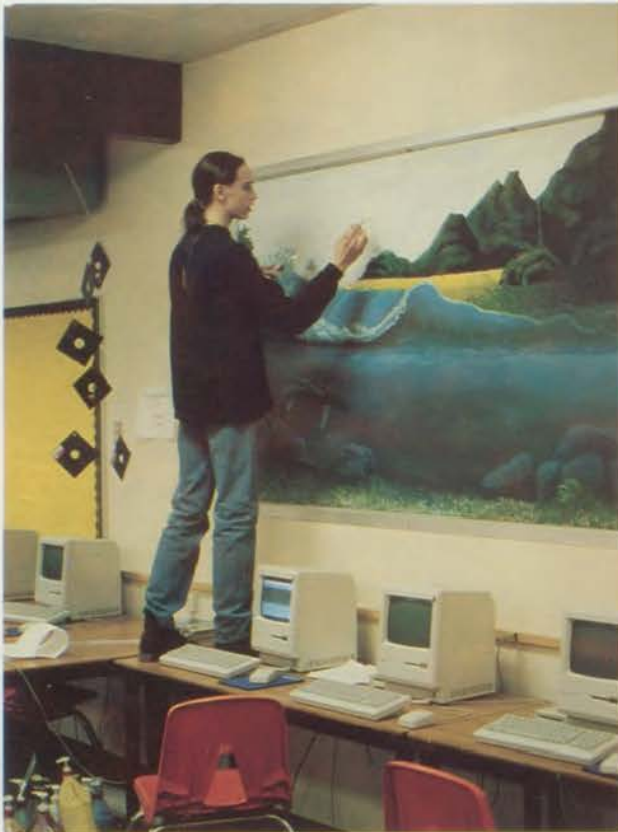

**YOU'RE SO CUTE...**Seniors Crista Kiefiuk and Tanya Boyd show how their hard work has paid off during yearbook class. Both were section editors on the yearbook, and worked very hard.

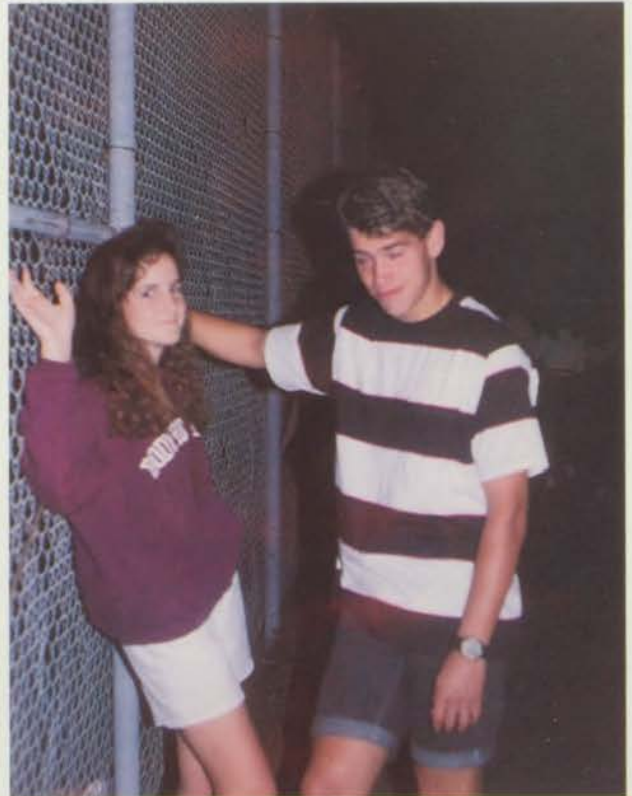

**JUST ANOTHER TURN...**Senior Jeff Allen shows off his expertise while working on a car. Allen always had a good time whether hunting, fishing, or working on a car.

# EVERYDAY ACTION

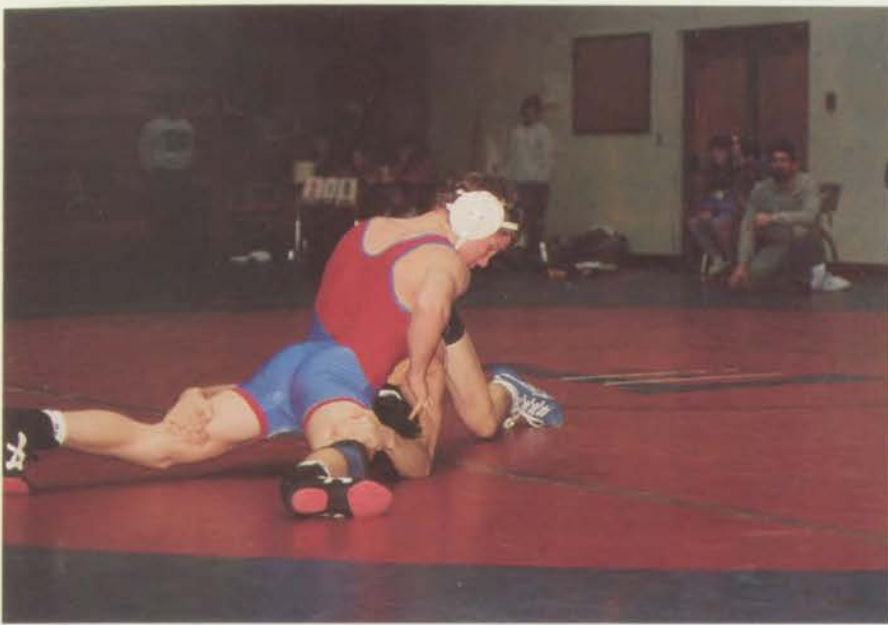

**ARTISTIC ABILITY...** Junior Chad Shepard uses his skill to create a new look for the computer lab. Shepard was often seen creating work to liven up the school.

**SAY CHEESE...** Sophomores Tara Keith and Cory Mechals try to look happy for the camera. The duo were practically inseparable during school, and at activities.

**LOOK OUT...** Senior Cory Chase, who is disguised as a Saxon, finds himself in a heap of trouble as the basketball team prepares to teach him a lesson. Pep assemblies often had a student dressed as the enemy, this built interest in the game and gave the players a chance to be more involved in the assembly.

**TAKE DOWN...** Junior Ryan Noss takes control of his opponent during an early season match. Noss always worked extra hard, and was exciting for the crowd to watch while he dominated his opponents.

**ABOVE THE RIM...** Sophomore Chad Wolfe finds himself in flight above the rim. Wolfe always thrilled the crowd with his intense arial show.

**BEST BUDDIES...** Freshmen Jill Erion, Brandi Carter, and Jenna Daniel show their spirit at a pep assembly. The three provided spirit in a freshman class that adapted well to the newness of high school.

**IN DISGUISE...** Seniors Carrie Gordon and Shannon Plinski look extra nice in their Halloween costumes. Halloween brought about many costumes, both scary and funny, but all original.

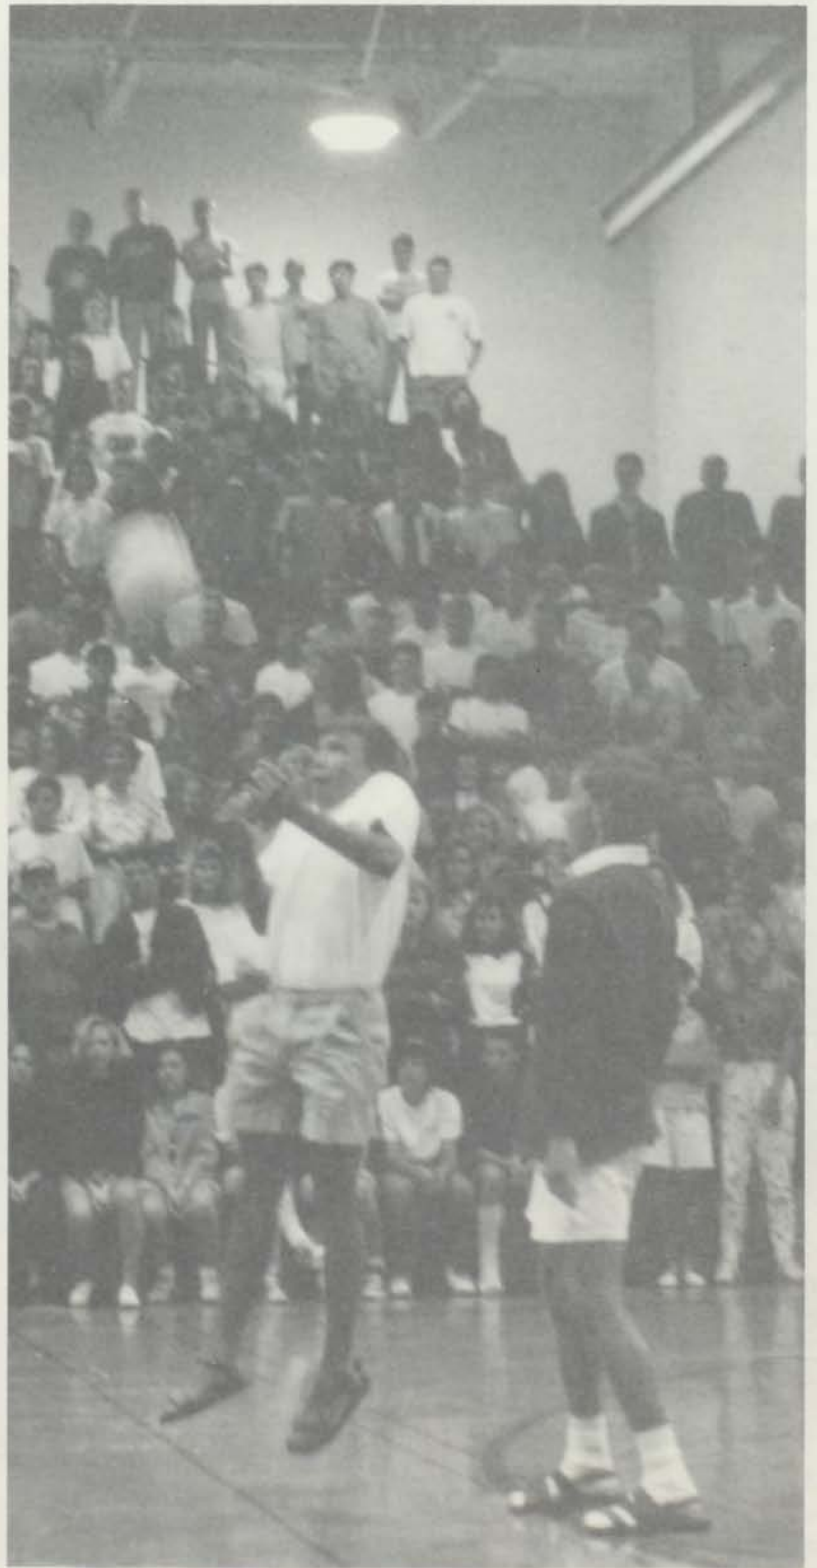

# STUDENT REACTION

Student Life... it's exactly what it appears to say, the life of the students.

Students' lives are more than just the class work and assignments, students' lives are the games and activities that will be remembered most.

This section is a recollection of the life and times of the students and their own way of having fun. From the beginning of the year with homecoming, up until graduation, our memories were filled with pieces of time, and moments to remember.

# STUDENT REACTION

The sky was filled with fireworks as Leigh Ann Willard was crowned the 1991 homecoming queen. Fellow princesses were seniors, JoAnn Freeman and Molly Durlam. Juniors Emily Lyon and Alicia Grossman and Sophmores Megan Miller and Amy Bingaman represented their classes gracefully. Sarah Jolley and Cassie Weaver represented the Freshman class. All of the princesses were escorted by their fathers.

Homecoming week was filled with exciting activities including many class competitions, spirit week, a bonfire, dance, pep assembly, and barbeque. Before the game a serpentine went through town announcing to everyone the festivities.

**SHOUT IT BACK!** The varsity cheerleaders lead the crowd in supporting our football platers at a game this year. The stands were always packed with wild enthusiasts.

**SPECTACULAR!** After being nominated Homecoming Queen 1991, Leigh Willard flashes a smile as beautiful as the fireworks in the distance.

**LONG BALL!** Junior running back Brad Calahan (27) tracks the ball after junior quarterback Shiloh Butterworth (3) passes off and senior wide receiver Joey Belcher (7) takes a dive at North Salems Marc Santos (7).

**CHEEZY!** Seniors Eric Hurst, Brad Carter, and Josh Mechals are very hot at the Homecoming Bonfire. These three guys really lit up the night.

**FIRED UP!** Sophmores Carolin Suing, Erin Danielson and Sarah Turner take a break in the action at the Bonfire. The Bonfire was just one of the many things students enjoyed during Homecoming week.

**NICE PITCH!** Junior quarterback Shiloh Butterworth (3) pitches the ball to junior runningback Forrest Williams (33) during the homecoming game friday night. Williams later broke his collar bone during this

# FRIDAY REACTION

A Friday sports event couldn't have been the same without a spirit assembly and after-game dance. Although our spirit assemblies were shortened and limited, the gym was still jam-packed with over-enthusiastic students who were greeted by loud music and colorful posters. Senior Jackie Tol jokingly exclaimed, "I loved looking at the different posters; especially the ones saying which class rules." After the activities and chanting of "IS" were completed, the feeling of being "pumped up" was carried into the night's game.

Following the game, students piled into the Student Center to boogie down with the tunes presented by our dee jays and Ed Cinquini. Not only could a variety of music make you get up and grab a partner, but seeing other outlines of boys and girls had you jumping out of your chair in search of the opposite sex.

After all this energy was exerted, the night's excitement could be winded down by having a bite to eat at Shari's. So whether you joined in on the fun or stayed home, Friday's reaction could be heard for miles around.

**TWO LITTLE LOVE BIRDS...** Juniors Eric Mulusky and Lindsey Ufford look into each other's eyes as they dance to a slow song. Many couples often danced together on slow songs.

**SENIORS GOT THE SPIRIT!** Seniors Molly Durlam, Cassie Gorrell, Paul Johnson, Tricia Spurgeon and Tedi Plinski group together to show what spirit they have. The class of 1992, along with other classes, displayed much excitement throughout our spirit assemblies.

**SOUTH SALEM SPIRIT?** Senior Cory Chase dressed as a South Salem man to rile up the crowd. Being booed by fellow classmates and moshed by the varsity basketball players were Cory's way of showing his spirit.

**SHAKE RATTLE AND ROLL!** That's what Senior Sierra Downing seemed to be doing at an after-game dance. The after-game dances seem to be a great alternative for relieving tension after a hard game.

**A PIECE OF THE PIE!** The joke was on Senior Derik Kindopp when he realized that he had been set up. Throwing a pie in his face was just one of the fun activities planned at a spirit assembly.

# Students In Wonderland

The 1991 Winter Dance turned out to be a great success. The Senior class really showed their spirit by putting on such a great dance. This year's theme was A Winter Wonderland which indeed it was. Highlights of the night included 1990's Winter Dance queen Donna Dorgan crowning this year's queen Mandy McDonough. This was an inspiring moment for the honored senior.

For the seniors this was the last winter dance that they will share together in high school. "It's one of those things that once a year is enough. We had a very good turnout. It was cool seeing everyone dressed up," commented Senior LuAnn Clark. For some people it was a chance to show their stuff by dressing in tuxes and formals, and for some it was just to have fun by enjoying the dinners, the dance, and the company of friends.

The Winter Dance was a new experience for the freshman class. "The dance was a lot different than I expected, I was surprised that not many freshmen went this year," replied Freshman Brandi Carter. Many people had dreams for a Winter Wonderland and many people's dreams came true. Hopefully they came true for you.

**AND THE WINNER IS...**Senior Brad Meyers announces the 1991 court and this year's queen. Brad has always been a dominate speaker.

**IN THE SPOTLIGHT...**Senior Jackie Lacy sings her heart out to the students of LUHS. Jackie was also a princess on the court. Lacy is one of many musicians that have performed at the formal in the past.

**PRINCESSES...**Amber Murhee, Christine Mah, Mandy McDonough, Del 'Aurore Kyly, Lu Ann Clark, Jackie Lacy, and Marla Alley.

**ROYALTY...**Queen Mandy McDonough sits in front of escort Chad Snook, enjoying her moment in the spotlight. Mandy was involved in many activities this year.

**SMILE...**Mike Lee and Heather Searles take a moment to show their excitement at this year's winter dance. Many couples attended the Winter Wonderland this year.

# NO PEACE

Spirit at LUHS it was kid stuff until one day...

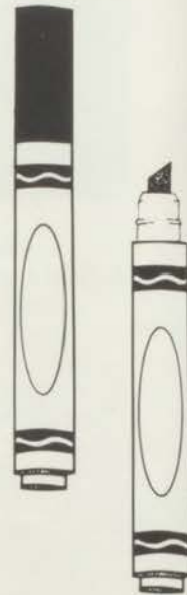

Personality and style, enthusiasm and pizzazz, student spirit has risen to a new height. Student involvement, as well as support for each other, has been on the up swing. The crowds at games and the audiences at the plays, for example, have been filled with enthusiastic fans backing performers in their areas of talent. This kind of support has led the Warriors on to victory in many sports, football, volleyball, soccer, crosscountry, basketball, swimming, wrestling, baseball, softball, tennis, track, and golf. The plays have been a success due, in part, to audience support. The choir has put on very nice performances because of Warrior participation. The Clubs at LUHS have had a successful year since many Warriors took the time to get involved with them. Leadership has led many of the fun activities throughout the year. With spirit like this LUHS will never run out of zest. Aren't you glad you used Dial?

**Spirit...**The varsity cheerleaders show some spirit between cheers at a football game.

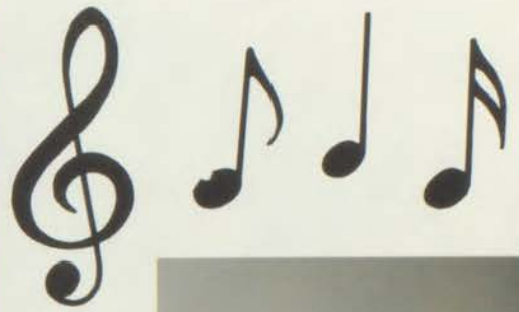

**Support...**This is what the boys varsity basketball team received from the fans at a pep assembly before their home game against the South Salem Saxons. Junior Matt Jones carries a Saxons head to represent how the boys would handle them.

**Everybody Dance!!...**Senior Tanya Boyd and sophomore Dean Holmes show their spirit with their wild dancin' style. Most dances were filled with this kind of excitement.

**Excitement...**Seniors Sierra Downing, Brad Meyers, Heather Barns and Mandy McDonough show true crowd spirit at a pep assembly this year. Crowd excitement was a key factor at games in the 1991-92 school year.

**Double Stuff!**...Matt Mausen, a sophomore poses in Mr. Mac's famous Oreo cookie. Mausen not only has stuff, he has double stuff.

**Shout it back!**... The varsity cheerleaders lead the crowd in supporting our football players at a game this year. The stands were always packed with wild enthusiasts.

**Competition...**Paul Johnson and Troy Gabler, seniors, try to give the girls varsity volleyball team some competition in a volleyball scrimmage. Although the guys were a little rough they did pretty well.

# LIGHTS, CAMERA,

# ACTION!!

At the 1991 fall play tryouts there was such a great abundance of talented participants that rather than one play they chose to have two. In both plays the lead performers did an exceptional job of changing characters. Harmony Matthews, in "The Murder On Center Stage", did a convincing age change, as she played an older woman. Luann Clark brought the play "Dags" to life by doing a great job with such a big change of character for her, she played the nerd. Mrs. Edwards was also very proud of the supporting actors and actresses who "did a terrific job of communicating the message that all people should be free to be themselves." Both plays were a great success due to the performers effort and audience support. Dustin Helvie might have put best when he simply said, "After four weeks of work we were paid back with a nice performance and a good turnout.

**WANNA DANCE?...**Derek, the nerd, played by Seth Carter asks Karen, played by Monica Schank, to dance, in the play "Dags."

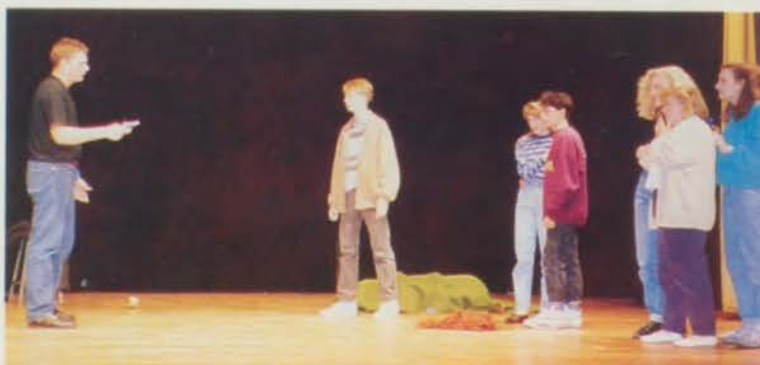

**OUCH!...**Gillian, played by Luann Clark, tells off the popular jerk Adam, played by Jay Steinhebel.

**A SISITER'S ADVICE...**Bronwyn, played by Jackie Lacy, gives her younger sister Gillian advice on self-confidence.

**LOOK OUT!...**Miss Shotwell played by Lisa Read, gets a not-so-pleasant surprise from Mr. Stanley disguised as a woman.

**HOLD UP!...**Dustin Helvie as Mr. Stanley, the janitor, holds up the cast in "Murder On Center Stage."

"Blithe Spirit" was the title of the 1992 spring play. As Senior actress Sara Graves said, "This play was very well rounded, it included mystery, adventure and a little bit of romance. It was a fun play to put on."

Apparently the audience caught on to the "spirit" of the drama for they seemed to understand the humorous side of the play. Graves felt the audience was very receptive, especially during Morp. "When they caught on to things it boosted our confidence and we did a better job."

They did more than a better job, everyone invoved with the play did a great job. Mrs. Edwards, the co-director along with Senior Harmony Mathews, said "The entire cast played their parts very well, and the back stage crews did a terrific job as well." Everyone did their part to make the 1992 Spring Play a success. Audience member Kyle Odegard said, "It looked like all their hard work paid off, they performed a nice show."

Ghostly...Elvira, played by Senior Jackie Lacy, is a flirtatious spirit returning to haunt her husband.

Calling Them Back...Sara Graves, playing Madame Arcotti, the clairvoyant, calls back the spirit during a se'ance.

The Gang...(top)Angie Kennedy, Sara Graves, Amanda Schell, Seth Carter, Sara Ramer, Scott Kleinshmit, BJ Graves, Sarah Widrig, Jackie Lacy.(sitting)Jennifer Roth, Stephanie Graves, Luke Rauch, Rob Hodack, Shannon Wass, Dustin Hokland.

# A Piece of the Royal Action

This year Daphne Hubbard was "Doin' the Royal thing" as she was crowned 1992 Royalty Queen. The princesses were announced at a pep assembly before the game and spirit week helped get the school pumped up and ready to cheer for the big game.

The seniors were represented by Queen, Daphne Hubbard, escorted by Brad Carter, princesses Tedi Plinski, escorted by Paul Johnson and Carrie Gordon escorted by Mike Mose.

The junior princesses were Amy Sinclair, escorted by Jeff Surmon and Hannah Lucas, escorted by Ryan Noss. Sophomores princesses were Amy Young, escorted by Richard Freeman and Rachel Alley, escorted by Chris Vandiver. # A PIECE OF THE

# ROMANCE

"Roman Gardens," this was the theme that the 1992 juniors chose for the prom. The decorations went along perfectly. Large, white pillars, made by the woodshop class, were placed around the dance floor and a water fountain and bridge welcomed each couple entering the Elks Lodge. Senior Sierra Downing felt the decorations were really pretty and that they added a special touch to the atmosphere.

Before the long awaited coronation, Sarah Widrig sang "Wishes". This was a perfect choice for it was the wish of every princess to be crowned the queen. In the end Lindsey Ufford recieved the honor. After her coronation she was escorted on to the dance floor by junior Eric Malusky, for the Queen's Dance. They danced to "The Rose", sung by Christy Davis, with Kyle Odegard on the saxophone and Evan McAllister on the piano. After a few moments the queen and her date were joined by the rest of the court and the evening continued.

Atmosphere was everthing at this year's prom. Many people, including juniors Chad Fast and Lisa Latimer, felt the mood was "very romantic."

When the night was over our new Queen said, "I was shocked and excited, but most of all very, very honored."

All in all the 1992 junior/senior prom was a success.

Smiles..Jeff Surmon and Amy Sinclair show how much fun they are having at the prom.

When I See You Smile.. Daphne Hubbard smiles to her date Seth Maguire. The Seniors enjoyed sharing their final highschool prom.

The Court...(from left) Adele Cliborn & Brian Little, Stacey Hubbard & Jason Gray, Crystal Sloan & Chris Funk, Lindsey Ufford & Eric Malusky, Katrinna Reed & Paul Johnson, Tara Nelson & Peter Brink, Jennifer Jolley & Chad Fast.

Queen...Lindsey Ufford reigns as Prom Queen 1992. She was probably one of the most excited queens in history!

Beautiful...Juniors Jerry Biggs and Kelley Forrester give a picture perfect pose.

Friends...Friends, like these, helped make prom night even more special.

A Night to Remember...Junior Emily Lyon and her Senior date Steve Looney are all smiles and look like they are having a good time.

# REACTING TO OUTDOOR LIFE

What seems fun about babysitting boys or girls all day? Nothing, except for when it is at camp Tamarak. Camp Tamarak definitely was the place where Seven Oaks Middle School let wild their sixth graders on the high school living and college resource staff. Babysitting these kids for five days was more fun than it sounds like it could be. Senior Dustin Mitch commented, "It was a lot more fun than I thought it would be. The kids got a little wild, but I could handle them. I also enjoyed being around the college staff." The high school and college staff worked together to try and teach the sixth graders a little something about water, forest, soil and human influence and sensory awareness. More importantly though, the sixth graders learned how to make new friends with kids their own age or older. "I thought it was really neat how the sixth graders were so perceptive of our personalities and moods," said living staff LuAnn Clark. By bonding together at campfire, friendship circle or just in their cabin, we all learned how working together could make a difference. And through it all, jokes were shared, tempers flared, tears were shed and friends were made.

# ACTION

# FROM BOYS AND GIRLS

From these two pages, not too much action could be seen. But on the campus of University of Oregon and Oregon State University this summer, you will see the "cream of the crop" arise from high schools around Oregon as they participate in Boys' or Girls' State.

The basic concept of Boys' or Girls' State is to create a mock government. This mock government comes complete with county officials such as the sheriff or reporter to a state official like governor, treasurer or secretary. Senior Derik Cline, a former member of Boys' State excitedly claims, "I would suggest that anyone who has a chance to go should go! It was the most fun week of my whole high school year." Senior Ben Summers, another former Boys' State participant seemed to chuckle at some memories by stating that the political fights were extremely funny. Of course, this year's participants are a little skeptical about what to expect. Being optimistic, Junior Brian Little calmly said, "I'm looking forward to the experience. It should be fun."

On the other side of the coin, we have Girls' State. Girls' State seems to be more formal. Girls were required to wear dresses everyday and that was something that most of the girls weren't looking forward to. Flag was also fun but everybody couldn't wait to rush to the food lines afterwards. Upon thinking back to

Girls' State, Senior Cassie Gorrell remembered how in awe she was of the how real the mock government seemed to work. "It was like we were forming our own state and political parties," she remarked.

Senior Mandy McDonough, another former member of Girls' State looked upon the friends she made instead of the political side. Upon remembering her friends, she said, "It's a chance to learn and have fun at the same time." Junior Kristin Liming, present Girls' State candidate, summed up more than she thought by indicating that, "It will be a good experience to meet new people." That is something you definitely could not get around doing.

Through all the mock counties, county calls, patriotic gestures and seminars, close bonding definitely formed. Amazingly enough, groups of kids who have never met, could laugh and joke so easily. Not only was making friends fun, it was a definite ego booster. So gaining knowledge of our government, friends and yourself was a definite plus to Boys' or Girls' State program. The only thing lost the whole week, was sleep!

The Junior Rotarians this year were an exceptional group. Consisting of two junior students each month, they dutifully met at Big Town Hero every Wednesday at noon to report everything new that was happening at L.U.H. S. This is done primarily to give the Rotarians a students' perspective.

Each month two new students who have excelled in academics or athletics were selected from the junior class as representatives. They were then introduced by the people who had served for the month before them to the Rotarians. Students were chosen from a list of nominations made up by their teachers. Junior Jennifer Jolley, who served as a Junior Rotarian, stated, "It was an honor to be part of the Rotary Club."

# Strawberry Serenade —

From childhood many young girls dream of being royalty. Senior Mandi McDonough lived out this dream when she was crowned the 1992 Strawberry Festival Queen. Although only she was crowned the queen, each member of the court loved the honor of representing Lebanon in such a special way. Princess JoAnn Freeman was presented with the award of Miss Congeniality, an honor which was voted on by the entire court. Later she was quoted as saying, "It's not really fair that just one person is named Miss Congeniality because this year's court was special as a group. We all deserved the award, but it really felt good to have them choose me." After the coronation there was many other exciting things to participate in. With school out many students got the chance to fully enjoy the Strawberry festival's activities including the carnival, a concert at River Park, the parades and the Strawberry Hoop, put on by the Lebanon Boys and Girls Club, which was something many LUHS students were involved in. Junior Eric Malusky felt, "the competition tournament was really tough. It would have been even better if we had gotten more teams from out of town to participate." This year's theme for the Strawberry Festival was "Strawberry Serenades". When the festivities were over junior Rachel Gazeley said, "The festival was a great way to start the summer."

# EVENTFUL ACTIONS

Locally, our community changed a lot during the nine months we were in school, but our community showed little change compared to the radical changes the world community faced. From the fall of communism in Russia to the Minnesota Twins winning the world series, few years have ever had so many events that were so suprising.

The winter Olympics showed that the Americans, although better than in Calgary 1988, were still not near the top in the final medal count.

Americans may not have had incredible success in Alberville, France; but our shining performance in the desert sun, while liberating Kuwait was nothing less that spectacular. The corageous men and women that went into the desert storm are not just strong patriots, they are the pieces of American heritage, and should hold their heads high.

Overall, when we think back to this year, we need to remember howactions, both local and abroad, changed the world.

**STORMIN' NORMAN...**General Norman Schwarzkopf gives the familiar thumbs up to the crowd at one of the many victory parades. Schwartzkopf became very popular at the end of the war, and he is to be commended on his skill as a leader and commander.

**WORST TO FIRST...**The Minnesota Twins won the world series, going from worst to first in the American League West division. They beat the Atlanta Braves in seven games, who went worst to first in the National League West.

**IN CONTROL...**Russian President Boris Yeltsin raises the Russian flag in celebration of the break-up of the Soviet Union. Yeltsin looks to lead the Russian people into steady reforms, and a return to superpower dominance.

**OUT OF PLACE, OUT OF TIME...**Russian tanks roam through Moscow, looking very out of place. The tanks were part of the Russian revolution, which showed Mikial Gorbachev that he was out of time as the leader of the staggering nation.

**DETERMINATION...**Supreme court justice Clarence Thomas gives a look of determination during one of his speeches, while President Bush looks on. The Thomas hearings provided much of the nation with entertainment and topics for discussion.

Sports...from football to tennis, sports make the school year exciting, and interesting. Almost all students participated in sports in one way or another. Participation not only means being part of the team, but coming to the games and watching the teams compete.

Sports provide the experience and teamwork that is necessary in later life. Character is built and pride is kept through teammates and coaches. Sports are, and should be a large portion of a high school education.

This section is a trip through the actions leading to victory, and the pieces that are left after defeat.

# GRIDIRON ACTION

□ The season for the LUHS Varsity Football team started extremely slow, with very few wins, but ended on a high note when they defeated two playoff caliber teams, Corvallis and McKay.

"The last two games we played are going to be something I'll remember for a long time, the feeling the whole team had was incredible," commented Senior Joe Belcher.

The Warriors worked very hard all season but it seemed as though something was missing. That something could have very well been Senior Dan Hathaway who was out early in the season with a broken collar bone and never returned.

"It was disappointing to work so hard and then not be able to play," said Hathaway.

"It was a growing and learning experience for all," said Head coach Don Tomlin. He went on to say that, "The kids and the coaches came together to realize what it took to win."

The team never let their spirits get down and kept fighting all year to make it a successful season.

# RISING ACTION

They're no longer kids, it's time to grow up, and find the pieces to the puzzle, for Varsity is just around the corner. The Warrior JayVee football squad, coached by Mike Gray, has the potential to be on top next year.

Gray believes this team is destined for success because, "They've learned to face adversity, they've learned that it's okay to make mistakes and still grow, that hard work pays off, and how to overcome adversity."

The team, mostly comprised of sophomores had to go into battle on Thursdays without three of their fellow classmates; Chad Wolfe, Kevin Pettner, and Chris Vandiver, who played up with the varsity on Friday nights. Therefore, a leader had to step forward. That leader was Sophomore Quarterback, Jay Dee Jackson. Jackson did however have help for the rest of the team.

Jackson thought the group of young men was easy to work with because they, "Worked well together, picked each other up, and believed hard work would pay off."

A pleasant asset to the team was sophomore transfer student Dale Butterworth, who played Fullback and Middle Linebacker.

Dale said that this year's team was different than the others he's been on because, "There were no real superstars, not just Quarterbacks and Receivers, not just Cornerbacks or Running Backs, but it was everybody that made the team successful."

**FEELING LONELY...**Is exactly what this South Albany defender feels, as Sophomore Chris Vandiver strolls toward the endzone. Vandiver played the second half of the season with the Varsity.

**SWARMING...**A host of Warriors surround a loose football after a fumble. Foes often saw Warrior red swarming the ball.

**RUNNIN' HARD...**Sophomore Jake Schuld blocks, as Sophomore Dale Butterworth drags along a Rebel. Dale took many defenders for a ride often this season.

**CHARGE!...**The Warrior kick of f team awaits the kick by Sophomore JayDee Jackson. The kick off team was on the field quite a few times throughout the year, following a scoring drive.

**HOT PERSUIT...**Sophomore Geoff Lowman persues a defender. Geoff was an excellent all-around player for the young Warriors.

**STEAM ROLLED...**Sophomore JayDee Jackson runs over an opponent. The option play worked well with Jackson's mobility.

# CATCH THE ACTION

**PASS...**Freshman Ned Stearns gets ready to pass the ball to an open receiver. Stearns patience and vision made him an excellent passer.

The LUHS Freshman Football team ended their season with a record of 8 wins and 1 loss, to win the Valley League Championship.

"This was a team of over-achievers," stated coach Phillips. He went on to say, "This was a great year with great players and great attitudes."

Commenting on why the team was so successful, David Hughes said, "We played together

and against each other in middle school, so we knew what we were capable of."

When asked about Ned Stearns, Aaron Rud said, "He was a great asset to the team. It took a while to get used to him, but once we did we all functioned well together."

This freshman team dominated both offense and defense. The offense was unstoppable. They outscored

their opponents 293 to 186. The defense was tough. Although no shutout games were recorded, the defense registered 18 shutout quarters on the year.

This team works well together, and will continue with their success over the next three years. The seasons won't be easy, but with hard work they can continue their greatness.

**CAUGHT IN THE MIDDLE...**An unlucky ball carrier is tackled by Ned Stearns and another Lebanon player. Most tackles were by groups as the teams defense was a swarming one.

**YOU CAN'T BRING ME DOWN...**Freshman David Hughes bounces off a defender. Hughes competed his best throughout the year.

# SMALL TOWN ACTION

This year's varsity volleyball team exceeded many people's expectations. Ending the season with a 9 - 9 record, and just missing the play-offs, they surprised many of their fans.

Shannon Hoelsing, selected 1st Team All-League, summed up the season saying, "I thought it went really well. Despite being young and inexperienced, we competed, worked hard, and got along great."

But youth and inexperience didn't stop the ambitions of this tough team. "We were one of the tallest teams in LUHS history, with six players 5'9" or taller, we played even the best teams tough," remarked Coach Steve Speth.

As a whole, Kristen Lidgren probably spoke for the entire team when she replied, "I don't think that our record reflected how good of a team we really were."

**Bottom:** Corina Rivera **Row 1:** Beka Rood, Kristen Lidgren, Kendra Eveleigh **Row 2:** Amy Sinclair, Heather Beeson **Row 3:** Janell Leisy, Shannon Hoelsing, Jackie Tol, Carrie Surmon **Top:** Hannah Lucas

**STUFF!!!!**...Carrie Surmon and Beka Rood block a hit from their opponent. The height of this team determined a lot of matches.

# DIGGIN' UP SOME ACTION

The Warrior J.V. Volleyball team got off to a quick start this season. Along with the league games the team played, they played in many tournaments over the weekends. However, you never heard any of the players complaining.

In fact, Tait Tomlin exclaimed, "The best part of the season was the Eugene Tournament. We kicked some butt!"

Natalie Masog agreed and added, "We played well and came together as a team that tournament."

Coach Vandiver remarked, "I would have liked to have seen more wins during the season, but I wasn't dissapointed. The girls all tried very hard and had a great overall season."

Key players for the team were, Freshman Heidi Fisk at the hitter position, Freshman Stephanie Graves and Amanda Speth at setter, Sophomores Natalie Masog and Tait Tomlin as servers, and Junior Wendy Roosa as defensive specialist.

However, Coach Vandiver added to that list by saying, "All the girls played well. There was not one weak person on that team. They worked together and played hard and had a rewarding season."

As a result of the large number of under-classmen, the J.V. and Varsity players are looking forward to a good season next year, as are we all.

**WORKING HARD...**Freshman Amanda Speth works hard in practice. Speth was one of many outstanding Freshman on the J.V. team.

**REJECTED...** Freshman Stephanie Graves rejects a kill attempt by a South Albany player. As a Freshman on the J.V. team, Graves played exceptionally well.

**RELAXING...** Freshman Heidi Fisk (J.V.), and Cory Crowder (Frosh) relax before a game. Fisk was a consistent hitter for the J.V. team.

# ROUNDBALL ACTION

When people work overtime, they expect time-and-a-half to show up on their paycheck. When the freshman volleyball team took to the courts, they found that working overtime didn't mean bigger paychecks, but more often than not, winning points.

The freshman V. Ball team had a terrific 13-5 winning season." I was happy with this year's team and, their efforts", exclaimed freshman volleyball coach Marty Mundy.

The frosh team this year was a group of individuals who really put their skills together. The young team got thru their tough matches using their strong players, Marci Mausen and, Becky Joslin.

Beating teams was only half the fun as these girls, got their act together and showed their stuff.

Mundy thought the Lebanon squad was tough at the net, and in other various places on the court, Mundy also commented "This team has potential to go far in the future". "It was a fun and exciting season I learned a lot and hope to play good ball next year", said Marci Mausen. Good luck next year.

HAMMER...Patty Client serving the other team a lil power additive.

**SUBSTITUTION...** Jenna Danials prepares to come into the game, replacing Amy Bronson.

**POINTS...** Scoring points is what Amy Bronson did this season.

**TEAM PICTURE...**

**3rd ROW.**Angela Parker, Amy Bronson, Leigh Ann Adams, Coach Marty Mundy, assistant Coach Ron Graves, Cory Crowder, Jenna Danials, Marci Mausen.

There best performances came against McNary, West Albany, and at Corvallis were they finished second overall. They were very positive, and should show improvement for next year."

# FOOT ACTION

The weather was often wet, cold and windy, and their uniforms were not the warmest or weather resistant, but the Warrior Varsity Soccer team played hard anyway. The season results were not the best one could wish for, but the team had qualities the record didn't reflect.

According to coach Steve Quigley, the team displayed "Outstanding attitudes, went into every match to win, and played to their capability at all times. We did everything we could have done, bad luck played a major factor in the season's outcome."

Junior Matt Jones summarized the season by saying, "I feel we had a better team than last year, but we couldn't get over the hump that would make us a contender."

Senior Troy Gabler felt that the "Record was horrible, but we learned and had a good time."

They also got into great shape, making them healthier and preparing them for the next sport season.

The Varsity Is :

Troy Gabler, Matt Jones, Matt Tomlinson, Kyle Odegard, Anders Bleicher, Aaron Smith, Joe Richardson, Adam Bjornstedt, Evan McAllister, Jason Mitchell, Seth Maguire, Jason Armstrong, Sherman Harris, Luke Rauch.

**HEADS UP...**Seniors Troy Gabler and Kyle Odegard, along with Junior Matt Jones wait for the forces of gravity to bring back the ball. Each player had his own special contribution to the team.

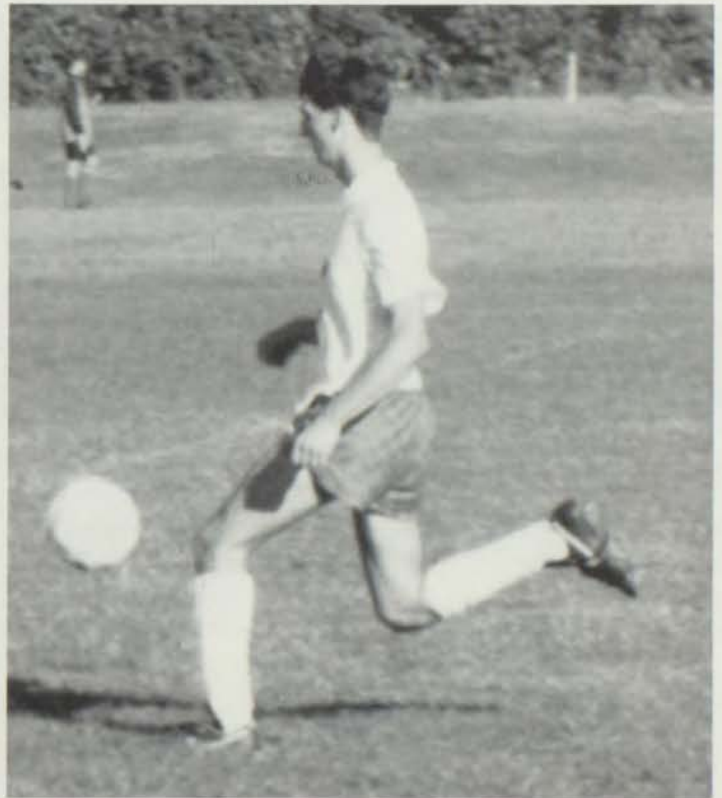

**SCRAMBLE...**Senior Kyle Odegard scrambles for the ball against an eager opponent. Odegard's hustle was usually rewarded, as he frequently came up with loose balls.

**AROUND THE CORNER...**Senior Joe Richardson speeds around the corner to evade an opponent. Richardson had probably his finest season in this his last.

**CLASH...**Senior Troy Gabler clashes for the ball. Gabler always gave 100% and was a team leader in just his second soccer season.

**IN THE CLEAR...**Senior Evan McAllister breaks away from the crowd heading toward the goal. McAllister was an everpresent force on the field for the Warriors.

**BOOT...**Senior Anders Blicher sends the ball deep down the field. Blicher enjoyed the year, and found it a good way to make many new friends.

# SOCCER SPEAKS

**Back row:** Rhonda Henderson, Kristy Primasing, Jennifer Steele, Coach Atkinson, Christy Davis, Jennifer Jolley, Tara Nelson. **Middle row:** Amy Al-Khalisi, Aurora Matthews, Jennifer Truelove, Marcia Johnson, Leora Ruitzel, Traci Parker, Samantha Pate, Cassie Weaver. **Front row:** Tanya Boyd, Christine Mah, Jessica Peterson, Del'Aurore Kyly, Mandy McDonough.

With a new coach, and a big bunch of soccer rowdies, there was much hope for the Varsity Girls Soccer team. Although the season ended up with a total of three wins and five losses, when asked how the season went, senior Del'Aurore Kyly felt that the season went well.

"We worked really well as a team, and we knew what we were doing," proudly explained Kyly.

Only four senior girls were involved in soccer so that made this year's soccer team a very young squad. Most Valuable Player, and Honorable Mention, senior Tanya Boyd noted that this year's Varsity soccer team was indeed very young, with a few freshman teammates.

Mr. Atkinson, the new girls

soccer coach experienced his first time coaching a high school sport.

"I really didn't know what to expect at first, but I was really impressed with this group of girls. I really enjoyed coaching this year," exclaimed Atkinson.

Many of the girls who participated in soccer this year, will be back next year to help lead the Warrior Girls Varsity Soccer team to victory.

**Catch me if you can!** Junior Tara Nelson is chased down the soccer field by opponents. Nelson, who helped pace the Warriors this year is a returning three year letterman.

# SOCCER SCORES

Corvallis	1-4 lost
West Albany	0-1 lost
South Albany	2-0 won

**Go for it!** Senior Del'Aurore Kyly quickly chases a ball down the field. Kyly was the leading assist player this soccer season.

# KICKING ACTION

This year's JV soccer teams once again had an outstanding season. For the girls, the fact that they had a team at all was a relief. Due to the lack of coaching staff available, the team was almost nonexistent. But thanks to Coach Steve Atkinson, who came all the way from Salem everyday, the girls got their chance.

The team competed hard, but once again fell short in the Valley League race. Their success should be measured more by their great efforts and outstanding attitudes than by their record.

Sophomore Amber Davidson had this to say about her coach and season. "JV soccer wasn't going to be this year, but due to Coach Atkinson, we had one. I had a lot of fun. Not having a lot of experience, I think we improved a lot for next year."

Participating this year was Ane Sophie Olsen, a foreign exchange student. When asked about the season, Ane commented, "A lot of people in Denmark play soccer, but not me. So coming to America and learning my national sport was fun. I met a lot of friends and had a great time."

The JV boy's soccer team for this year has lots of room to grow. With a team consisting of mostly freshmen, the youth and inexperience contributed greatly to their record.

Winning only one game, the team record did not show the determination and improvement that was showed throughout the season. Whether rain or shine, the Warriors were at practice every day after school.

Junior Josh Bishop feels the team, "did really well this year. With lots of freshmen just learning, we had a lot of fun."

The hopes for next year are that with time comes experience and ability. These young men will grow into next season full of improvement. With a high level of confidence, the Warriors' hard work and hustle will finally pay off.

Freshman Charles Johnson could have spoke for the whole team when he commented, "Our season went great, we tried hard and had great team work."

I GOT IT, I GOT IT!!!!...Andrea Carrasco runs for the ball. The team put out a good effort in every game.

**Front Row:** Angel Haas, Liorah Ruitzel, Johanna Godell, Dena Swander  
**Row 2:** Andrea Carrasco, Jennifer Truelove, Julie Mitchell, Cassie Weaver, Aurora Matthews, Jacqui Gonzalez  
**Back Row:** Shannon Wagstaff, Amber Davidson, Coach Atkinson, Julie Caldwell, Ane Olsen

**THAT'S MINE...**Sophomore Angel Haas recovers the ball. Angel was a consistent player this season.

# LOUDER THAN LIFE

The Mens' Varsity Basketball team started off great winning four of the first six games and continued their greatness as the season went on. They won seven of their last nine games, and finished in a tie for third place in the Valley League. The Warriors were barely edged out of the playoffs.

"Even though we didn't make the playoffs, which was one of our goals, the season was more successful and fun than some people anticipated. It was great to be part of this team," said Junior Matt Jones.

All-League honors went to Matt Jones, who was named to the second team and Senior Chad Snook who was named to the third team.

"The team was led by a tremendous group of seniors consisting of: Jeff Lanz, Chad Snook, Chris Toohey, Paul Eakin, Joe Belcher, and Troy Gabler," said Coach Tichenor.

Senior Chris Toohey said, "The team concept is what made us good. Everyone sacrificed things to make the team come together."

The fans played a crucial part of the teams spirit. "The Pit" was packed for every home game. Even most of the away games posted a larger crowd from Lebanon than the from the home team.

The Warriors continued their excellence off the court too. They hosted assemblies around Lebanon preaching their drug free message, proving drugs aren't needed to succeed.

**BOMBS AWAY...** Junior Matt Jones attempts a shot, while Senior Joe Belcher awaits the outcome. Jones was named to Second Team All-League this season for his consistent play.

# ACTION FOR THE FUTURE

The 1991-92 JV Boys Basketball team had a great season finishing 14-8 and placing fourth in the very tough Valley League. The team was led by a few sophomore sensations, and also had a good core of veteran juniors.

The scoring burden was handled nicely with everyone contributing, but the team was led by Sophomore Geoff Lowman. Sophomore Joe Schollmeyer led the team in rebounds.

In a very successful season there were many highlights. Coach Mike Gray pointed some out.

"Beating South Salem twice was nice. Beating Corvallis in their gym was pretty also. Putting 106 on the board against West Albany was just beautiful, and essentially finishing fourth in the league."

The team was run by sophomore Chris Vandiver. When asked about the team, he replied, "We had a close group of guys who really gave everything they had every time they stepped on the court."

The Warriors also had a very strong bench thanks to volunteer Assistant Coach Brian Vandetta.

When we think of the future of Lebanon Basketball we only have to look at what high-flying Sophomore Chad Wolfe has to say. "Future's so bright, I got to wear shades."

**GET OUT...**Sophomore Geoff Lowman gets denied the hoop against North Salem. Lowman went to the bucket often during the season.

**AIR MAN...**Super Sophomore Chad Wolfe hangs in the air awhile during tip-off. Wolfe provided mass amounts of entertainment with his aerial show.

**CAN'T TOUCH...**Sophomore Chris Vandiver prepares to drain another shot. Vandiver was a very steady performer for the Warriors.

**BACK ROW...**Coach Tichenor, Chris Strain, Tyler Moss, Joe Schollmeyer, Josh Sipos, Eric Latimer, Kevin Petner, Pat Dannen, Coach Gray. **FRONT ROW...**Duane Stevens, Sherman Harris, JayDee Jackson, Chris Vandiver, Geoff Lowman, Forrest Williams, Tim Jensen.

# FROSH ACTION

This is the start of something big! The freshman boys basketball team ended up with a season total of 13 wins and 9 losses. Not bad for a first year high school sport.

When asked how the season went for the freshman boys, Coach Dave Winters replied,

"They suprized alot of people. These boys have great potential in the future if they really work at it,"

There were some ups and downs the during the season, but freshman David Hughes though that they worked really well as a team and that the season went "pretty good".

Pretty good they are, the freshman boys were faced with some tough challenges, but they played hard, and the hard work payed off.

"There were some games when I thought that we couldn't pull off a win, but we came through, worked well as a team, fought back and won," commented freshman Matt Phillips.

Phillips was referring to the game played against Sprague High School. Freshman Ned Stearns was fouled in the final seconds of the game, and was given two free throws to put the Warriors over the top. The final score was Lebanon 62, Sprague 61.

That goes to prove that actions do speak louder than words, and the freshman boys basketball teams actions will hopefully bring "Good Vibrations" to Lebanon Union High School in the near future.

**GO DEFENSE!...**Freshman Ryan Gilbertson tries to steal back the ball from his opponent, while teammate Jeff Keen looks on. The freshman boys remained strong in defense throughout the year.

**GET OUTTA MY WAY!...**Freshman Andy Spiker tries to get past a tough defensive block. Spiker is a promising basketball player for Lebanon in the near future.

Back row from the left: Assistant Coach Brad Mangan, Aaron Olson, Brian Nordlund, David Hughes, Damien Schmidt, Jeff Keen, Aaron Rud, Ned Sterns, Rob Kennedy, Head Coach Dave Winters. Front row from the left: Jon Ciochon, Ryan Gilbertson, Ty Lester, Andy Spiker, Matt Gilbertson.

**BALL! BALL! BALL!** Freshman Brian Nordlund uses his natural defensive abilities to steal away the ball from the enemy. Nordlund is also active in football and baseball.

# SHOOTING FOR THE ACTION

For the first time in six years, the Lebanon Union High School Girls Varsity Basketball team went to the district play-offs. They ended their league season with a record of 12 and 6, which put them into the fourth place spot. While earning their playoff berth, the ladies failed to advance to state.

While the Lady Warriors were very young with only one senior, they pulled it together. When asked about the key to their successful season Junior Amy Al-Khalisi commented, "I think that we really have team effort. We always believed in each other and never put our teammates down. I believe this was the key to our successful season."

Three exceptional ladies that received league mention were, Carrie Surmon Second-Team All-League, Christy Davis Honorable Mention and Hannah Lucas Honorable Mention. Though only three players received League Mention all the players on the team worked hard and played well.

When asked what her favorite part of the season was, Christy Davis replied, "The part I liked best was the fact that even though I was down in the mouth those girls always put a smile on my face."

Coach Cash commented, "All the girls worked together and played well as a team, which is a key to winning games."

NO WAY... Senior Beka Rood tells her opponent that she is not going to make the shot. Rood was the only Senior on the Varsity team this year and will be sorely missed when she graduates.

**BACK OFF...** Junior Rhonda Henderson eludes her defender while looking for the open man. Henderson was one of many consistent Juniors on the team.

**SCORE TWO...** Sophomore Carrie Surmon shoots for two more points. Surmon was selected to the Second Team All-League this year.

# ANOTHER PIECE OF THE PUZZLE

Dedication and hard work was the name of the game for the Ladies J.V. Basketball team this year!

As Coach Dan Jordan put it, "This was one of the hardest working group of kids I've ever had when it came to game time."

After starting the season off with a loss, the young Ladies bounced back to win an impressive seven games in a row. The Warriors then went on to finish the season by winning five out of their last ten games, which gave them a season record of twelve wins and six losses in League play.

"We had a real successful year," said Coach Jordan.

Working well together was another good quality of the team.

"We were a team with a great sense of unity not only within ourselves but also with the Varsity team," said Junior Jessica Peterson.

In the year to come, the Varsity coaches have a lot to look forward to as these young ladies grow. They should expect a very productive team that will go far not only in the regular season but maybe even the playoffs as well.

COUNT IT.. Junior Jessica Peterson puts up a shot in a contest against Crescent Valley. Peterson was an aggressive player for the Warriors throughout the season.

Back Row: Amy Sinclair, Jessica Peterson, Jodi Zucker, Heidi Fisk, Trisha McGowan, Front Row: Emily Lyon, Amy Ditterick, Rachel Alley, Shelly Flanagan, Marcia Johnston

**NOT SO FAST..** Junior Amy Sinclair holds the ball back from the defender while searching for an open teammate.

**HEY YOU...** Junior Emily Lyon looks for someone to pass to. Lyon worked very hard for the team the whole season.

# ENTHUSIASM IS THE WORD

If there was one word that Freshman Girls Head Coach Marty Mundy would use to describe his young Lady Warriors, it would be, "Enthusiasm".

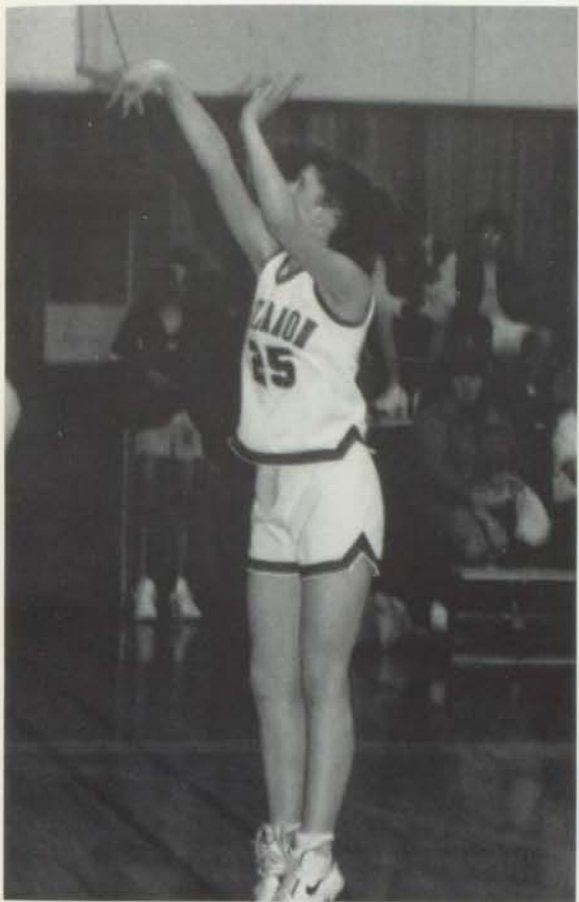

We all would agree that enthusiasm is a must in any sport at any level. This is ever so true when freshman are concerned. There are three more years of basketball that could face these girls, and to lack enthusiasm would not only make the season very long and boring, but would make coming out the next season very difficult.

As a head coach, it is very important to do some basic things, such as teaching skills that will prepare you for the next season at a higher level. The head coach must also make it fun for all of those members on the team, and make it a positive experience.

Coach Mundy brought out the enthusiasm that many teams lack. The fire, will and intensity to win must be fed. So many teams do not accomplish their goals or are even close to successful because they are absent of desire. At the same time we see teams that are outsized, outskilled, and out experienced, come out on top at the end of regulation because they were more "hungry" than the opposition. These girls were hungry!

POWER IT UP...Freshman Corey Dornhecker powers the ball to the hoop. Dornhecker was a consistent force in all areas of the Freshman team.

**FREE THROWS...**Freshman Corey Crowder shoots for the hoop with good form. Enthusiasm was Crowder's word.

**DRIVING FOR THE HOOP...**Freshman Hannah Eckhold dribbles the ball for the opposite basket. Eckhold always played well for the team.

**IT'S UP...**Freshman Brittani Hildebrant launches yet another outside shot. Hildebrant dominated in the outside game.

# AQUATIC ACTION

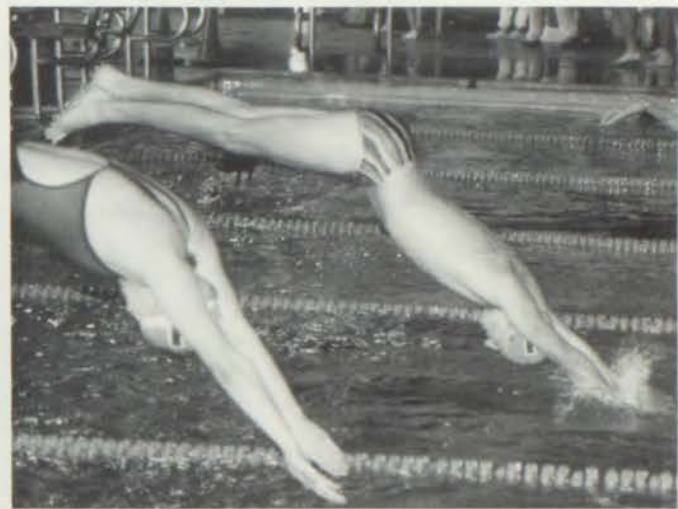

Commenting on the Warrior's youth and outcome of the season, Coach Jan Nadig said that, "The Warrior Swim Team had an excellent season. Everyone improved their times. Even though the seniors will be "greatly" missed-our underclassmen swimmers are ready to step into leadership."

Senior Paul Johnson agreed that, "Everyone swam really well, and established personally goals, yet he was ready for the season to end."

Senior Dan Hathaway believed the best aspect of the season was actually being a senior. "Having my best friend on the team made the season worth all the work. "Dan and Senior Paul Johnson have been best of friends for a long time. Senior Dan Hathaway, Senior Paul Johnson, Senior Evan McAllister, and Junior Adam Bjornstedt all went to state. Senior Evan McAllister was first in districts in the 100 Free. School records were set by senior Paul Johnson in the 100 Back stroke (56.26), senior Evan McAllister in the 100 Free (50.50) and the 50 Free (22.88), and by junior Sarah Phillips, sophomore Traci Parker, senior Candace Robbertson, and senior Kari Starat in the girls 200 Free Relay (1:55.88). Four boys had the opportunity to go to state. Seniors Dan Hathaway, Evan McAllister, and Paul Johnson. The fourth was Junior Adam Bjornstedt.

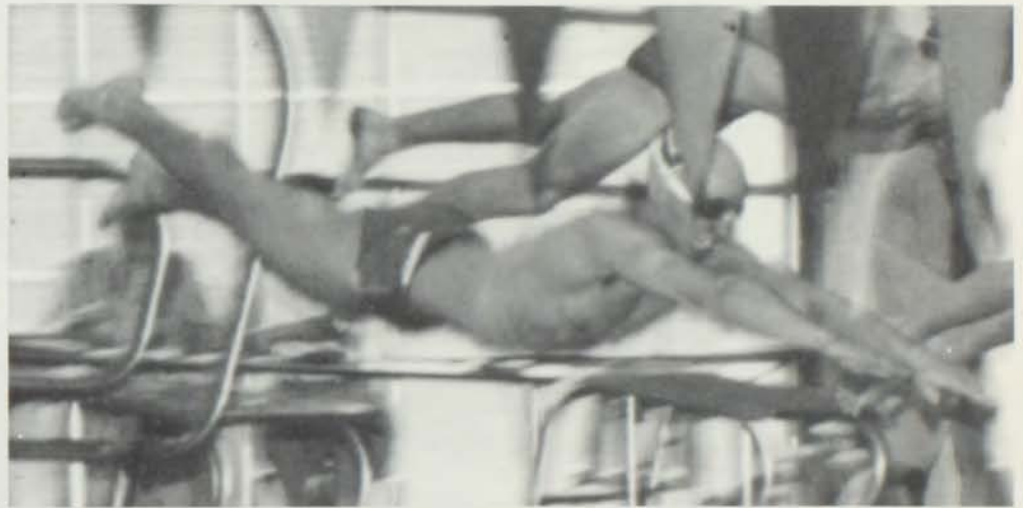

**HANG LOOSE...**Senior Paul Johnson shows enthusiasm after an event. Paul was often enthusiastic because he won quite often, and broke several school records.

# FALL

# SPEAKING OF SPIRIT ...

This year's Fall cheerleaders definitely showed off their stuff as they rallied to cheer for the fall sports. The girl's schedule this year was packed, cheering for football, soccer, and volleyball. With this much going on cheerleading can definitely be considered a school sport. Coach Connie Jahns was a tremendous additive as she really got these girls to show their talents. As Tina Williams, the fall season cheerleading team captain, said, "This year was fun. I was disappointed that this was the end, since the season didn't conclude like I expected".

# WINTER

The Winter cheerleaders this year were a bunch of hair raising girls, as they did some pretty dare devil stunts. A majority of the girls spent some hours hittin` the mats, practicing lifts, jumps, and some acrobatic flips. The cheerleading advisor definately helped these girls show off their stuff as they toned thier flexible bodies, hitting the weightroom after practice to give that showable edge, and extra strength to spot. This years winter cheerleading captain Amber Murrhee, a four year rally girl, had this to say about her last year, " I'll miss the excitment of the games, and the squad members. It was a fun year, and I'll have a lot of memories from the past 4 years."

Front row: Amber Murrhee, Kris Mandich. Middle row: Michelle Freitas, Heidi Thomas, Amy Bingaman. Back row: Carrie Gordon, Dawn Bryan, Dani Sigler, Amy Pomeroy, Angie Williamson.

District champions were Judd Pratt (140), Sonny Simonian (157), and John Williams (191), while Doug Reed, Brad Calahan, Wayne Yoder, and Kyle Odegard also qualified for the state tournament.

# ACTION AT CROCO FIELD

Warrior Baseball Team found themselves sitting at 3-6, about sixth or seventh in the league. That's when something snapped.

Senior Joe Belcher was thinking, "Ah, were not going to make the playoffs! The playoff picture doesn't look good, so let's just play to our potential and enjoy the rest of the season."

Junior Brian Thompson believed the turn around happened when, "We started having fun. We had fun instead of always worrying about the win."

From then on, the hardballers went on a scorching 7-2 run end the regular season, and finish in fourth place, behind three teams that were all in the top five in state, and beating at the time number one team in the state, Sprague, 10-6.

The Warriors honored seven players to the All-League Team. Given honorable mention were Seniors Zane Sheets (Catcher), Ben Masog (Second Base), Troy Gabler (First Base), and Josh Mechals (Outfield); Senior Joe Belcher was named Second Team Shortstop. Junior Brian Thompson (Outfield), and Senior Monty Norris (Designated Hitter), were named to the First Team All-League.

Coach Stolsig commented on the teams performance, "After looking back, they got the most out of the abilities they had, which is excellent. After a slow start, they played at a very high level of baseball. They achieved what was expected of themselves, the slow start aside. I'm very proud of the way the guys competed and fought through the hard times."

**ROCK AND FIRE!**...Senior Monty Norris prepares to pitch on passed an opposing batter. Monty not only pitched well, but helped offensively by belting a school record eight homeruns.

**JUST TRY ME!**...Senior Joe Belcher throws the ball back to the pitcher after an attempt to pick off the base runner. Joe frequently made tough plays look routine at shortstop.

# SPEAKING ABOUT BASEBALL...

Preparing a new crop of athletes in baseball, is not an easy task. Despite the rumors that this Freshman class had little talent, the team did well, finishing 11-11 over-all, and 9-9 in league play.

Coach Humphrey admitted that, "This was a good team, but just made too many errors. I am trying to convince more of these kids to play summer league. Without it, they will find it hard to compete against the Salem schools."

Errors did plague the team, costing them some wins. But Sophomore David Hughes would agree that they did have some really good games. "We played really well against West Albany the second game. We still had too many errors, but I saw a spark there that was promising."

If the kinks can get worked out, this team will be one to look out for. The talent is there, by watching the Football and Basketball seasons, one would probably agree.

**LOOKING TO SCORE...**Freshman Jared Tapia looks to his coach for the sign to go. Tapia was a consistent baserunner.

**STRIKE!...**Freshman Ned Sterns fires yet another strike across the plate. Sterns pitched frequently for the team and always performed well.

# DETERMINATION

# IS THE WORD

**STRETCH...**Sophomore Jennifer Steele tags her opponent out at second base. Steele played well, starting at second base.

With high hopes and dreams of a state play-off, the Varsity Women's Softball team began their season. However, they fell short of their dreams. With only four Seniors, the team was hurting for experience in the infield. But for all their inexperience, the team had some positive moments too. The team felt their best game was against Central Linn. Against pitcher Monica Northern, they pounded out 16 hits.

Coach Steele felt that this

game and the game against Sweet Home were the girls' best games. When asked about the season he replied, "The team was a great bunch of girls to work with. They all had good attitudes. We lost a lot of games, but we gave every game a good shot."

The girls felt they could have had a better overall season. Senior Janell Leisy's opinion about the season was, "We needed to play more as a team, not as individuals." Senior Mandy McDonough echoed this com-

ment adding that, "It was really hard on the whole team because we have never been in last place before."

Team Members are, Seniors Janell Leisy, Tanya Boyd, Mandy McDonough, Jackie Tol, Juniors Michele Penfold, Rhonda Henderson, Kristen Lidgren, Amy Sinclair, and Sophomores Jennifer Steele, Jamie Dirks, Trisha McGowan, Carrie Surmon and Holly Beeson. The team record was 1-16. They look forward to a good season next year.

**GO JACK!**...Senior Jackie Tol shows us her outstanding fielding form.

**PLEASE?!**...Senior Janell Leisy asks Coach Steele why not?

**READY TO PLAY!**...Teammates Michele Penfold, Kristin Lidgren and Janell Leisy are ready to play.

**BEST BUDS**...Seniors Tanya Boyd and Mandy McDonough are best buds. Both Senior started all season in the outfield.

# SWINGING INTO ACTION

The 1992 Junior Varsity Softball team had a difficult season. With a league record of 6 - 12, and an overall record of 7 - 15, the team put out an outstanding amount of effort. With what started out as a rocky beginning, the girls soon pulled things together, and worked smoothly as a team.

"The team was very young and inexperienced. Nine of the sixteen players were freshmen. As our pitching improved we became a pretty good team and showed great improvement over the course of the season," replied Coach Jerry Cash.

Although frustration was seen quite a bit at the beginning of the season, the girls grew more consistant through hard practise.

Sophmore Natilie Masog could have spoke for everyone when she commented," Our season went pretty smoothly after the first few games. We worked really well together, and we had a lot of fun."

**I've Got It...** Sophmore Jamie Dirks shows everyone that she still has the ball. Dirks was very very consistant, and a major component to the team.

**Row One:** Marnie Barber, Becky Joslin, Kay King, Amy King, Lisa Morford, Julie Caldwell, Marcie Mausen, Natalie Masog. **Row Two:** Becky Stubbs, Stacey Messer, Jennifer Collinsworth, Mandy Speth, Coach Jerry Cash, Shelly Flanagan, Tait Tomlin, Corrie Dornhecker, Erica Elliot.

This years ladies track really picked up the pace, as they led the race .

Thier hard work,dedication, and love for running once agian paid off, and made this yet another successful and rewarding season.

The women competed extremely hard to make up for the youth, the girls defintly would have been stronger with a little age.

Toward the wieght division of track,Coach Dean Castle Felt that they were very successful for being so young, and this year when

the two words, stong but young came together it meant Hiedi Fisk, shewas the only a freshman and qualified.

# PUTTING

Showing what's gotta be done... Junior Brian Little shows everyone that it can be done. Little is a returning golfer for Lebanon.

The boys golf team had a very successful season with many returning players to the team, along with a few new comers.

Coach Jim Phillips had alot of nice things to say about this bunch, he will be sad to see some of them go.

"I was very pleased with the way that the boys went out there and played good golf. I expect to see some real experience next year."

Cory Chase, Brad Carter, Dean Davenport, and Jason Armstrong played their last year of golf, leaving golfers Brian Little, Kevin Grindle, Sherman Harris, and Tim Louis.

Many of the men enjoyed playing golf. Senior Brad Carter replied, "I had a great time playing golf this year. I got to spend alot of time with my friends at tournaments, which was alot of fun."

Lebanon had five district players. Brad Carter, Jason Armstrong, Dean Davenport, Tim Louis, and Brian Little. None of the five qualified for state.

Besides that fact, Senior Cory Chase thought everyone did pretty well as a team.

Next year see some serious action from the returning players. It should be a good season.

"The girls golf team had a successful and a very fun season," exclaimed golf coach Jim Phillips.

New comers Seniors Sierra Downing, Tricia Spurgeon, Junior Christina Shay, Freshman Brandi Carter and Jill Erion all made up the girls golf team, along with Junior Kim Anderson.

When asked how she liked her first year of golf, Sierra Downing replied, "I must say that it was a very fun and enjoyable season. The best part was seeing the guys from the other teams!"

Senior Tricia Spurgeon also did agreed with fellow golfer Downing.

# SERVE & VOLLEY ACTION

Look out Valley League here comes Lebanon.

The Warrior Tennis Team compiled it's best season ever, as it strolled to a 9-3-2 record, including 4-3-2 in league matches.

The Warriors finished the year only two points out of fourth place and should really challenge for a spot in the top three next year.

The Warriors had a strong group of players who finally started earning respect from other valley coaches.

Junior Matt Jones, and Senior Chris Toohey held down the top two spots all year, and both competed very well. Jones played the number one singles position for his second year in a row.

Jones commented on the season, "Everybody, doubles and singles, stepped up a level, we should be real tough next year."

The 1992 Girl's Tennis Team had an outstanding season with a record of 6-1-2 in league, and 11-3-3 overall. It was one of their best season records in many years.

"The loss of six seniors will mean that a lot of expectations made on returners Rachel Alley, Michelle Mills, Adele Clibborn, Danielle Sigler, Bow Duong, Brittani Hilderbrant, and Rachel Butler," commented Coach Marilyn Belcher.

When the District meet was over, the Lady Warriors had finished third, having seeded players Del'Aurore Kyly, Tara Nelson, Tedi Plinski, Christine Mah, and Heather Beeson.

The Sally Johnson Inspirational Award was received by Senior Christine Mah. The team had a lot of fun together, and the season could be summed up with a few words from Freshman Darcie Orwick, who replied, "The tennis season was most inspirational. We all did well, and everyone worked together as a team."

# PIECES *OF THE* PUZZLE

Classes...This is the section where everyone's picture is supposed to appear. This section is also affectionately called the mugs. Twenty years from now, in the year 2012, we can look back at these mugs, and see everyone's school pictures.

Also in this section is a set of color pages dedicated to the senior class of 1992. Everybody got all spiffed out, and got their picture taken to give to grandma, aunt Bessie, and of course one to the year-book.

Clubs...Not the cards, or the weapons, rather the organizations that students create, and run. Whatever someones interests are, there is a club for them at the high school.

Many times there were so many clubs that people had trouble keeping up on what each one did. Key club, FFA, FHA, FBLA, they all had their own special purpose, and their own special members.

The students that make up the clubs give their best effort to make their club the best and the most productive in the school. All actions by the clubs make up the pieces of the year that can be remembered the most.

# A Piece of the Government

The Senate is an important part of our school government. The Senate consists of a president, vice president, secretary, treasurer and three or four senators from each class. This year the Senate did many things such as fund raisers to pay off the Mayfest debt, Teacher appreciation week, as well as approving several activities through out the school. Freshman class treasurer LeighAnn Adams said, "I think that Senate is a great way to meet people, learn responsibility, and leadership skills-and have a lot of fun while you're doing it!" Though Senate can be stressful, Sophomore Senator, Randy Mah said, "It has been a productive year."

The House of Representatives is also an important part of our school government. The members of the House are elected in each homeroom, by their peers. The representatives meet under the direction of ASB Vice Pres. Joe Belcher and speaker of the House, Paul Eakin. They discuss and vote on issues that the Senate has already approved. Senior, Sarah Graves said, "The House of Representatives is a good way to get everyone involved in school government," but senior Ben Summers believes, "The House is a farce - it has no real power. It is just a rubber stamp for the Senate."

Senate: Left to right; Bottom row: Brad Meyers, LuAnn Clark, Sonya Clark, Ryan Noss, Liz Pr  
2nd row: Seth Carter Becky Meyers, Jennie Linqvist, Jennifer Knapp, Casse Weaver, Jacqui Gonzal  
LeighAnn Adams, Amy Polmeroy; 3rd row: Aaron Rudd, Matt Glancy, Jason D'Allesio, Lacy Mill  
Jennifer Steele, Randy Mah, Emily Lyon, Jennifer Jolley; 4th row: Joe Belcher, Christine Mah, Mar  
McDonough, Del'Aurore Kyly, Cassie Gorrell, Marla Alley, Tonya Boyd.

Listen up! Seniors Cassie Gorrell, LuAnn Clark, Tanya Boyd, and Brad Meyers listen to Marla Al as she gives her idea on a subject. Senate did lots of brain storming in groups this year.

# Building our student Body

**PEACE...**Just kickin' back for a minute. Our ASB officers were too busy this year to ever relax, but we caught them.

The job of secretary meant Mandy had to take notes for all of the A.S.B. related meetings. Being Treasurer gave Del'Aurore the responsibility of keeping track of all the A.S.B. funds. Seth was in charge of keeping a history of all the things our A.S.B. officers accomplished this year. Del'Aurore said, "It was fun working with everyone, and I learned quite a bit about our school." When asked who was the most fun to work with she said, "I had fun working with everyone, but Mandy McDonough was the best.

**FOOT ACTION...** As usual, Mandy McDonough and Del'Aurore Kyly are under Joe Belcher. Belcher was ASB Vice President.

Our outstanding Associate Student Body was made up of, our president Christine Mah, Vice president Joe Belcher, Secretary Mandy McDonough, Treasurer Del'Aurore Kyly, and Historian Seth Carter.

As President, Christine plays a major role in all of our Pep Assemblies, class office meetings, and A.S.B. meetings. Joe's duties as Vice President consist of, leading the House of Representative meetings, and joining Christine at the Class officers meetings.

**NICE PROFILE...** Joe Belcher, the camera is over here. Belcher was a senior this year.

**Best buds...** Hey Seth join in. Seth was the only under-classman on ASB.

The ASB officers with the exception of Seth Carter were all seniors. Seth Carter was a sophomore and held the office of Historian. This was only the second year we have had the office of Historian. The duties of Historian include writing about what we did that year in our school, how we helped our school improve, and what the basic highlights of that year were. Historian was the only office that could be held by an under classman.

Electronics has had a busy year this year. Micah Fosdal made a contraption for Jamie, a parapalegic, who can't move from the neck down. This machine allows Jamie to turn on lights and the radio. Jamie likes the feeling of more freedom.

# "We Build the Best and Repair the Rest"

**Strike a pose-Dustin Mitch saunters through the house that wood construction built. The house took three years to build.**

If you ever happened to walk by the woodshop you would have seen several guys listening to country music, playing hacky-sack and basically just horsing around. You may have wondered what they do out there, or ask when they got any work done.

Woodshop is not just a wood working class: It is career training for many of the gentlemen. The class training is from a book written by the Associated General Counselors, the AGC. It teaches the students skills in construction techniques. When they get done with the class they have three choices they can go to college, immediately get a job, or they can be an apprentice.

Phil Noon, a junior at LUHS, said "the class has given me the inspiration to go into construction. I am going into the Marines and then into an apprenticeship program."

The house, building construction is working on, should be finished by the end of this school year. Good job guys!

# Welders in

According to Mr. Steele, "this was a very successful year, the students being good representatives of our welding class." To follow that up, Tony Moore said "The L.U.H.S. welding program and instructor did a good job of preparing us for the real world."

At the Regional Skills Contest, many of the students placed. In TIG welding, Ben Lester took first place and Mike Evans took third. Justin Perdue took second in the MIG welding competition. Shawn Murphy took first, and Kevin Kier took third in the gas welding competition. In the arc welding contest, Tony Moore took first place and Brian Cook took third.

At the VICA competition, Ben Lester received first in the general welding, Murphy took first in gas welding, and Danny Grant took sixth place in the arc welding contest. Our class also took first place in the team competition.

The class was very skilled and were eager to try new ideas, even though it was a challenge. The majority of the students were seniors and just graduated. They will be hard to replace and we are going to miss them.

OSSOM- also known as Oregon Student Safety On the Move have been quit active this year. The members in this class frequently visited other scools to inform to say "NO" to drugs and other things that are not safe and healthy.

OSSOM also sold candy bars to raise money and you can almost count on them having a float of some kind in the strawberry parade.

Members say they enjoy doing something that they believe in so much.

Keep Smiling.....The Little kids loved working with the very cheery Ginger Miller.

Honor Society has been very active this year with a variety of activities. In March, they had their annual induction ceremony where many new members were welcomed in. They also planned and hosted the senior banquet on May 5 at the elks. This event went over very well and was enjoyable said many Honor Society members.

According to advisor Mr. Githens, "Honor Society is a fun group to work with. I enjoy being the advisor." It is not easy being a member of Honor Society. You must maintain a 3.5 accumulative GPA to stay a member.

Githens says, "The students are involved in school and also are good students. They are a pleasure to work with!"

**TOP OF THE CLASS.....** Paul Eakin was the president of Honor Society this year. He has been a member since he was a sophomore and he still has the perfect 4.0 grades to prove he belongs. Eric Latimer, a fellow Honor Society member said "He directed the meetings very well!" Other members said he did a very good job speaking at the induction ceremony.

# Building Good Community Service

**In Mourning**-Amber Weaver mourns the death of friend Rhonda Train. Dead day was a striking way to show alcohol abuse as its worst.

As a Community service to stop alcohol abuse two clubs Ossum and Key Club joined force to demonstrate the huge toll of alcohol related deaths take in our nation.

To accomplish this the clubs formed a Dead Day. The concept behind Dead Day was to have "deaths angel" deliver one person every fifteen minutes to their death. Once these people were dead they could not acknowledge or speak to anyone.

**Portrait of Death**-Senior Lisa Meng and sophomore Seth Carter pose for the camera as the most current fatalities.

This is the courtyard that Marketing made over. George Geizler was very proud of the finished product.

Deca is a club that has worked toward school beautification. They showed this when they re-did the courtyard off of the student center. This was a student project including members from welding, drafting, and marketing I, II, and III. All the students worked together to complete the courtyard.

Some of the Deca members went to Portland and competed in a CDC or (Career Development Contest). Here they competed with other youth from around Oregon in Marketing related projects. Randy Mah was the only one who placed.

Dale Boring was this years DECA president, Del' Aura Kyly was vice, Cresta Snyder was secretary, and Tabitha Drummond was treasurer. Randy will pick up where Dale left off.

**SMILE!** . . . Daryl Beemer, Emily Lyon and some friends from camp, take time out to smile at the camera after swimming. Many of the kids enjoyed the pool and the fun that came with it.

When explaining the People with People club, Vie Carruth the club's advisor described it well by saying, "The People with People club provides an excellent opportunity for social interaction for students with disabilities at Lebanon Union High School."

Club activities included: roller skating, a trip to Hoodoo, dances, a carnival and one of the biggest activities, Basic Skills Camp. At camp they are able to choose from a variety of activities to participate in through out the day. Some of the activities were rock painting, aerobics, swimming, outdoor games, music, letter writing and hiking. Through out the week everybody shared the responsibilities of cooking, setting the tables, and cleaning up after dinner. The students learn how to take responsibility and have fun while they are at it.

**DANCE!** . . . Roberta Miller and Emily Lyon dance outside at camp.

# Piecing the World

# Together

International Club was made up of all our foreign exchange students and a select group of helpful Lavanon High students who made our friends from far feel more welcome.

This year we had five students from four different countries including: Andres Blicher from Denmark, Ane-Sofo Olsen from Denmark, Patricia Ortiz from Chile, Greg Fately from Australia, and last but not least Kai-Ingo Beuckmann from Germany.

All of these outstanding students were somehow involved in school activities. Some just went to school functions and cheered their new friends on and others joined in.

Andres Blicher was probably the most known at the start of the year with his "Awesome" soccer ability that got him honors in league. Ane-Sofo was also in soccer and did a great job. Greg Gately was on the wrestling team, but unfortunately had to leave and go back home mid-way through the season. Kai-Ingo got involved in the school's "cool" DECA program and had a good time.

Academics...The courses that make up the day. From math to welding, home economics to wood shop, and weight training to cadet teaching, they all serve one purpose, to educate.

If it wasn't for academics, school wouldn't exist. As school goes so does the sports, plays, and futures. The bottom line is that we all came to school for eighteen weeks for one overbearing reason, to get smart.

So when looking back at academics, don't remember the homework, think of the bits and pieces of information gained that shaped later actions.

# PIECE OF CULTURE

A piece of culture in a small town can be invaluable. Outside the United States are many other countries with their own customs, languages, and cultures. The foreign language classes and foreign exchange students made the world around us less "foreign".

In the classroom, students at Lebanon had several languages to choose from: French, German, and Spanish. Not only did they learn how to read, write, and speak the language, but they also learned about the country and its traditions. The major highlight of the year was attending International Day at U. of O. in Eugene, where students went to a variety of workshops on different countries.

Mr. Gonzalez, a Spanish teacher for twenty-three years, said of teaching: "Cultivo una rosa blanca," (to grow a white rose). "That's the friendship theme."

"Foreign Friendships" could be the theme for the foreign exchange students. The students, Ane Olsen and Anders Blicher, from Denmark; Jane None, South Africa; and Patricia Ortiz, from Chile; became friends with each other and the rest of the school throughout the year.

Patricia Ortiz commented on the year by saying, "It's been a great year for me. I love Oregon and the people here. I'm very excited to go back to Chile, but I'm sad too, because I have to leave Oregon."

A piece of understanding about other people, just may bring a little peace to the world.

**PIECE'N A PINATA...** Adam Bjornstedt, Jason Bautista, and Hannah Lucas work on a pinata for Spanish class. This was one of the activities for Cinco de Mayo celebration.

**LUNCH TIME...** Exchange students, Ane Olsen, and Kai Beukmann eat lunch during an international club meeting.

**HOW DO YOU SAY "CHEESE"?**... At first, learning English could have been difficult for the Foreign Exchange Students: Ane Olsen (Denmark), Patricia Ortiz (Chile), Anders Blicher (Denmark), and Kai Beukmann (Germany). After a year, they probably knew it better than most.

**FRENCH AMBASSADORS?**... Seniors Evan McAllister, Leslie Posey, and Kari Starrat show their enthusiasm for French class. McAllister, Posey, and Starrat have had several years of French, and McAllister was presented the Foreign Language award.

**GRADING IT...** Señor, not senior, Gonzalez looks up from his grade book. Spanish students had the chance to know how they were doing.

# CONCERT PIECES

Band was a different piece of action, not quite like anything else. Out of class activities made it more than a regular academic class, but receiving the grade on the report card made it more than just an extra-curricular activity. Band required much of its member's time, and often became a significant part of their high school years. Dedication was also required. Senior Brian Walker, a fourth-year band member, agreed that "You have to be pretty dedicated to the Band".

Concert Band, Wind Ensemble, Jazz Ensemble, Marching Band, and Pep Band made up the band program. Some were offered as classes, while others were required along with the classes.

The classes were Concert Band, Wind Ensemble, and Jazz Band. Though each performed twice at the school concerts, the classes cover a different variety of activities and music. Concert Band was the beginning where members work on the basics. The conductor, Mr. Haugen, commented that "It's always fun to get out and perform". After an audition, one could join Wind Ensemble, which often competes through out the year. The Jazz Band also performs and competes.

Both the Concert Band and the Wind Ensemble are required to be involved in Marching, and Pep Band. Both of these required bands supported various sport teams.

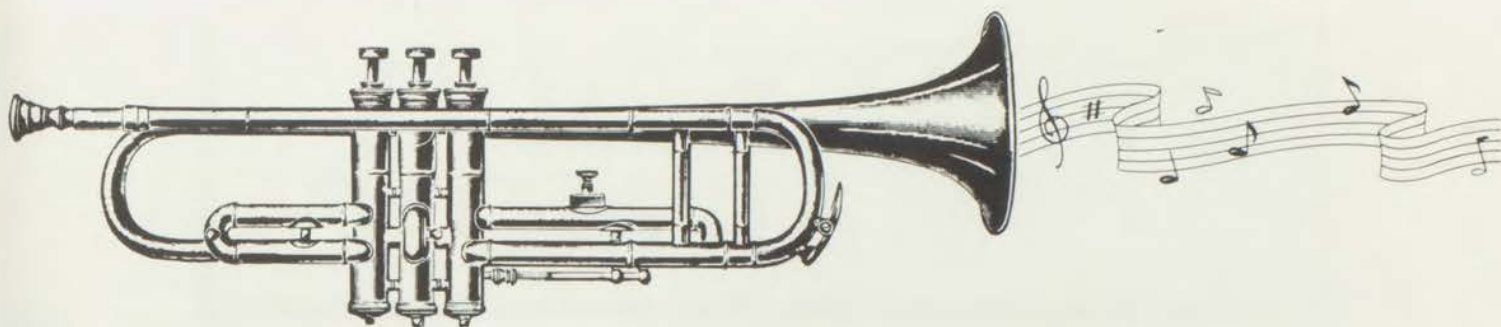

Is it all worth the time? When asked why she spent so much time with band, Senior Harmony Matthews guessed it was "dedication to music and having a cultural experience, and just the beauty of the music." Band is concert pieces.

# PIECE AND HARMONY

Piece... or rather... peace and harmony is the perfect combination for choir. Both the Mixed Choir and the Concert Choir had their full of singing their hearts out during the year.

Mixed Choir was what some called a "learning ground", where beginners or others, worked on the basics.

After a year in Mixed Choir, or by audition, students were able to join Concert Choir. This choir sang at several local concerts, schools, and clubs.

Often times talented performers had the opportunity to sing solos or with small groups at the different concerts.

One opportunity the choirs had was to visit a couple of high schools in Oregon. Senior Evan McAllister explained that it was "good to get ideas from other choir programs, and fun to perform for each other.

The director, Mrs. Petersen, lead both choirs in many activities. Petersen said that this year was a "very good year", and that "there (was) a noticeable growth of people in the choir."

Not only did the choirs bring peace to others through their music, they also were very close to each other. Petersen added that she "noticed a lot of good feelings of unity in choir this year."

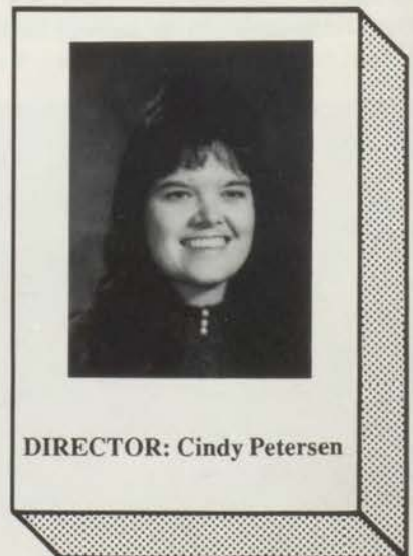

Harmony comes in many forms.

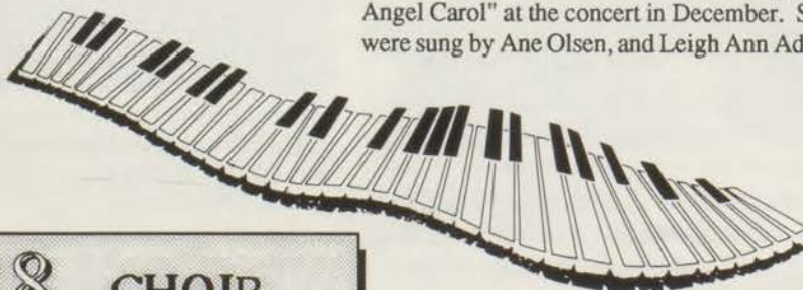

**CHRISTMAS CAROLING...** The Concert Choir sing "Glory Hallelujah, He Is Born" during the Holiday Concert. Solos were sung by Corina Rivera, Karrie Buck, Heather Weglin, Sara Widrig, and Daryn Skinner. The accompanist for Concert Choir was Jacqui Gonzalez.

# EXPLODING PIECES

Senior Jennifer Dennis commented, "This year's dance team was like a big family, in a sence that we were all friends and we always worked out our differences." Unity definately makes a difference in a performance.

Explosion was this year's dance team name. The team consisted of 14 girls. A lot of practice and hard work was put into their performances, and to prove that hard work pays off, the team came back with a first place trophy at Dance Magic. This qualified them for the State Competition in Seaside.

Crista Kiefiuk was this years dance team captian. Kiefiuk felt that they all worked great together and knew how to have a lot of fun.

# PULLING IT TOGETHER

**CADETTEACHING...** is a way for high school seniors to see how interested they are in a teaching career. It is a closer look behind the scenes. The cadets teachers work with kindergarden through eight graders at Lebanon Middle School, Queen Anne, Cascade, and Green Acres Elementary schools.

The class is graded on three article summaries that are due at the end of the semester, keeping an up-to-date journal, attendance, and also a report on subjects dealing with teaching as a career.

A teacher has to have good attendance, and really like kids. If you don't enjoy working with kids, then you could never be a teacher. This class provides you with on-the-job experience for seniors looking into the teaching career.

**HELPING OUT...**Kelly Morford is helping a fourth grade student at Green Acres school. Morford is a big help in Mr.Scotts class.

Students also compete in two styles of debate, which are: Cross-Examination, and Lincoln-Douglas.

The LUHS Team attends appoximately 17 tournaments a year, including a district and State Touraments.

The Squad members are all members of the National Forensic League. This institution honors students for excelling in Forensics. There is a National Qualifer Tournament in April which several members will attend. # PIECE OF THE PI

What does math and science have in common, other than lots of homework?

Most students agreed that the two subjects frequently worked together in their classes. Usually, students who took a science class were also in math. Senior Tony Fuller, explains: "You don't have to have science to do math, but you have to have math to do science." Fuller, a physics student, participated in math at the Regional Skills Contest the last three years.

Some science classes require different levels of math as a prerequisite. When questioned why math was needed, Mr. Tyser reasoned, "Math is the language of science." This year Tyser taught physical science, chemistry, and A.P. chemistry.

Although math and science demand a lot of time, both students and teachers find the work worthwhile and rewarding. Senior Dan Hathaway exclaims, "Physics is a lot of fun, because there's lots of toys to play with." Tyser agreed, "We're the most fun department in school."

Math and science may not be a piece of Pi (3.14) for everyone, but they will always be a piece of life.

**LECTURE, LECTURE...** Mrs. Brown's Science Principles I class listen intently while taking notes on the upcoming lab. Lectures the day before the lab included valuable information. Labs were commonly used in science class curriculums.

**PONDEROUS...**Senior Shawn Murphy thinks deeply of biology in Ms. Snow's class. Murphy knows biology.

**WORKIN' HARD...**Senior Meridith Rive completes her math homework during study hall. What brain action!

# Bits & Pieces

Pi (3.14..) has been calculated to more than a billion digits.

All the DNA in your body would go from here to the moon 11,400 times.

"Remember-- hot glass looks like cold glass."

-- Dale Boring

The human body is technically worth \$2.50.

The biological value is worth over \$10 million.

**LAB ACTION...** Sophmores Jon Theophilus and Richard Yoder work on a dry lab in Mrs. Brown's Science Principles I class. Theophilus tutored Yoder this year in science. Trained tutors were often valuable resources in giving students personal one-to-one assistance.

**PERPENDICULAR?...** Students learn the rules of the game in Mr. Easterday's geometry class. Lectures explaining the upcoming assignment were often followed by the grueling task of homework. Wait till you have Algebra II!

**CHEESE...** Sophmore Richard Freeman demonstrates the DNA model. Visual aides made biology easier to learn.

# WORKING TOGETHER

**VOCATIONAL...**The Vocational Department is made up of all the career classes used as electives in school. You can choose something you enjoy doing, and excell yourself in that subject.

Auto Shop, Machine Shop, Wood Shop, Welding, and Electronics are not classes just for guys. Girls can excell in these areas too.

Agriculture, Photography, Grafics, Art, Cadet Teaching, Health Careers, and Drafting are also parts of the Vocational Department. They have all these classes so you have a wide selection to choose from. It is hard to choose a career. Lebanon's Vocational Department would like to help you, too.

**THE CUTING EDGE...**Heath Wycolf shows the proper way to cut a board. Wycolf was an aid for Mr. Ray this year.

**ELECTRIFYING....**Aaron Shurts is working hard in Electronics. There were many girls who also signed up for electroics too.

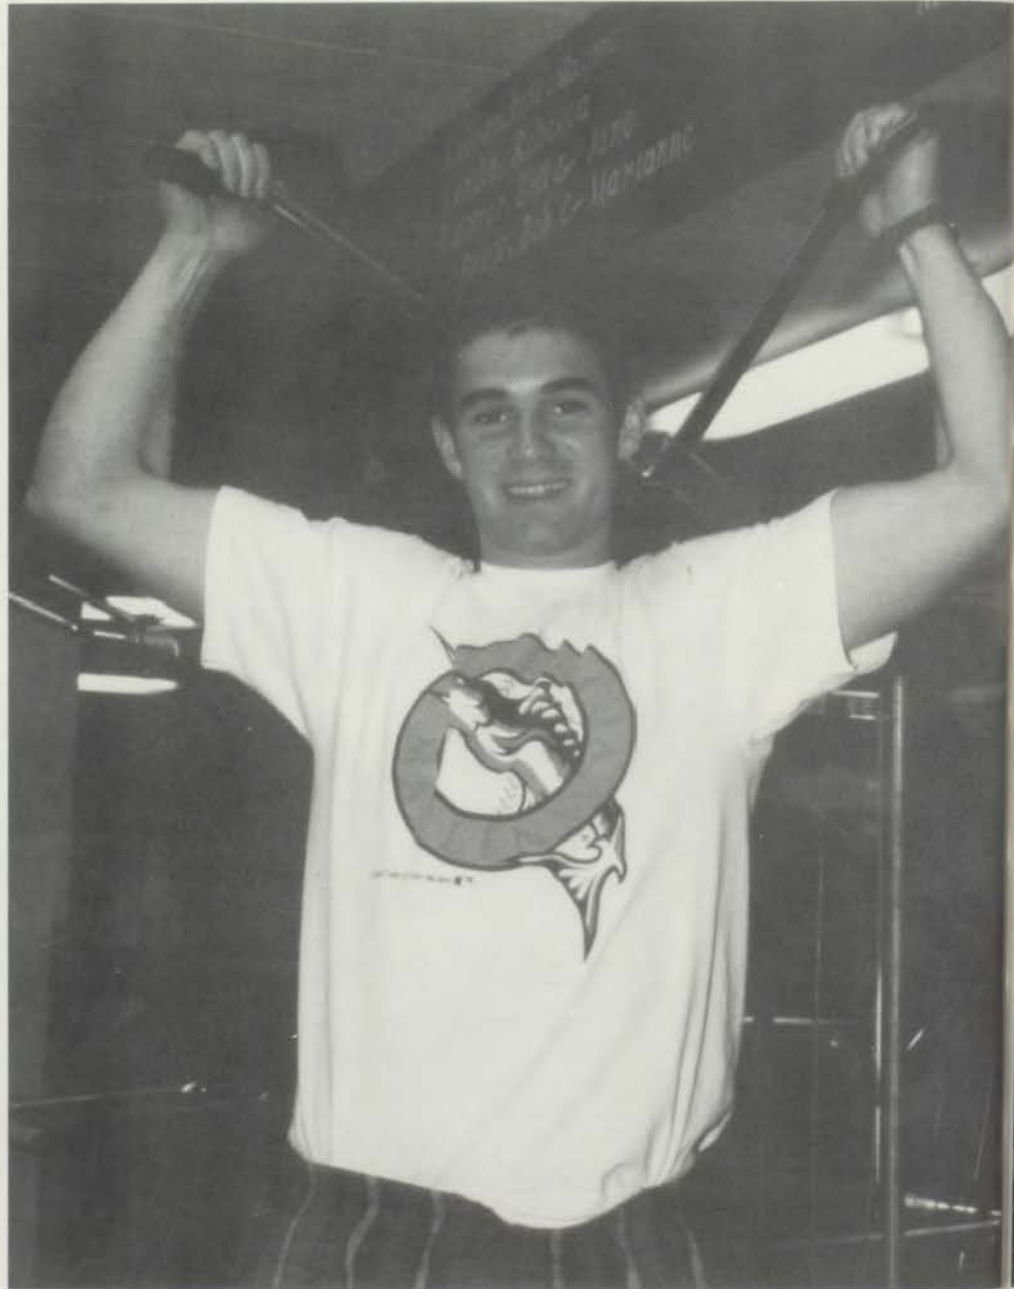

# MUSCULAR PIECES

Physical Education... taught to make you stronger physically and mentally. P.E. starts as a freshman and you can still enjoy it as a senior. As a freshman you are encouraged in many ways. Good physical ability should be one of them. As Mr. Yates said, "The reason I like to teach in P.E. Department is, because I can shape the young minds in to physical fitness."

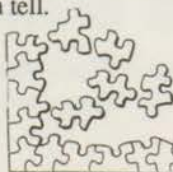

You can choose something you enjoy doing, and excel yourself in that sport. Physical Education is not only a working class, but a fun one also. Some people take P.E. to get the credits, and the others take it to excel themselves in the area of sports they are participating in.

**TALKING DISAPLINE???** Mr. Yates takes time out of his class to talk to Kristen Whitelaw. Yates enjoys his job as a P.E. teacher.

WORKING TOGETHER...Seniors Cory Chase, Brad Carter, Bruce Housen, and LuAnn Clark look through pictures to be used in the Annual. Carter was this years Yearbook editor.

This year's yearbook staff was very dedicated and hard working. the class consisted of 29 students.

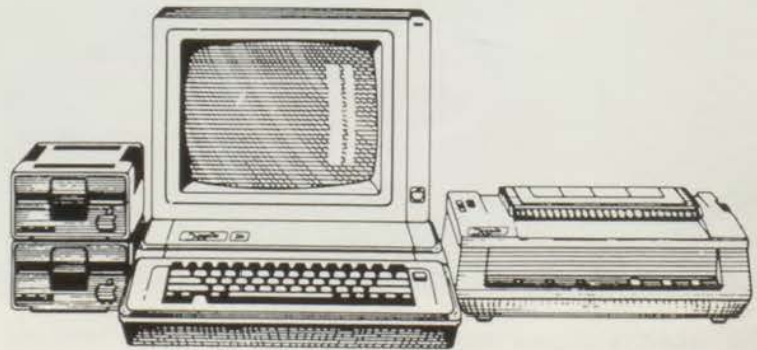

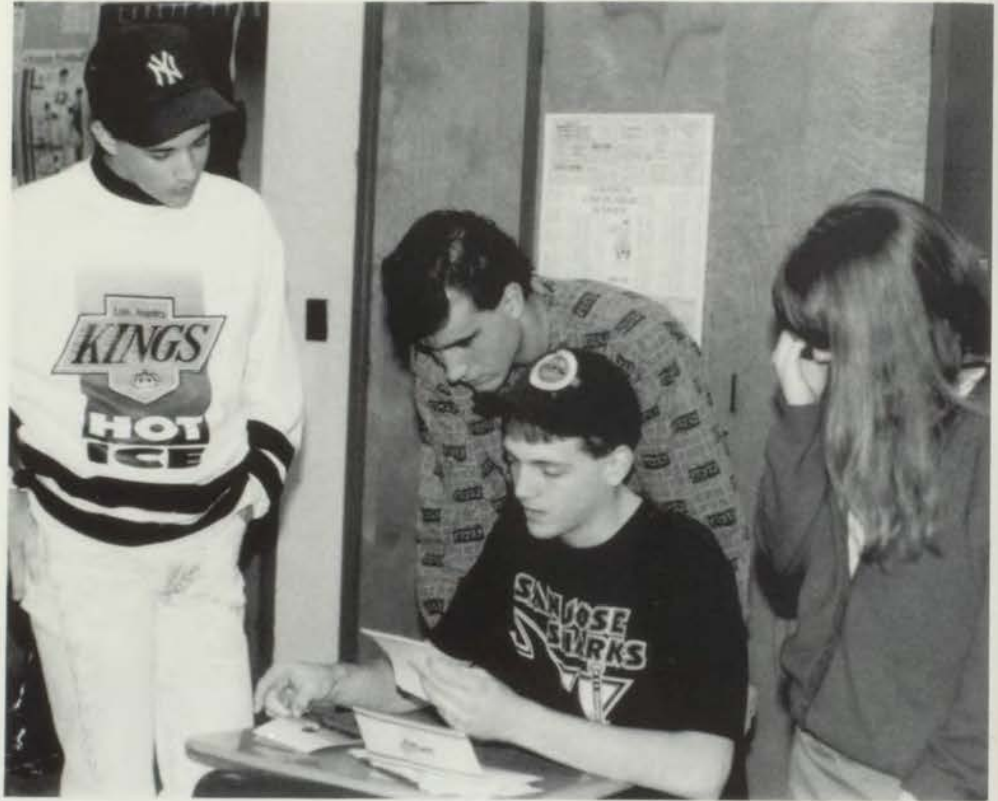

Senior Cory Chase was a sports writer. Chase commented, "I had a great time working on the book, and gained experience working with people and meeting deadlines."

Brad Carter was this year's yearbook editor. Carter did a great job getting everyone motivated. When it came to deadlines, he showed no mercy!

Freshman Brandi Carter and junior Troy Judy enjoyed working together on the annual. Judy was this year's student life editor. Miss Carter liked working in the clubs section.

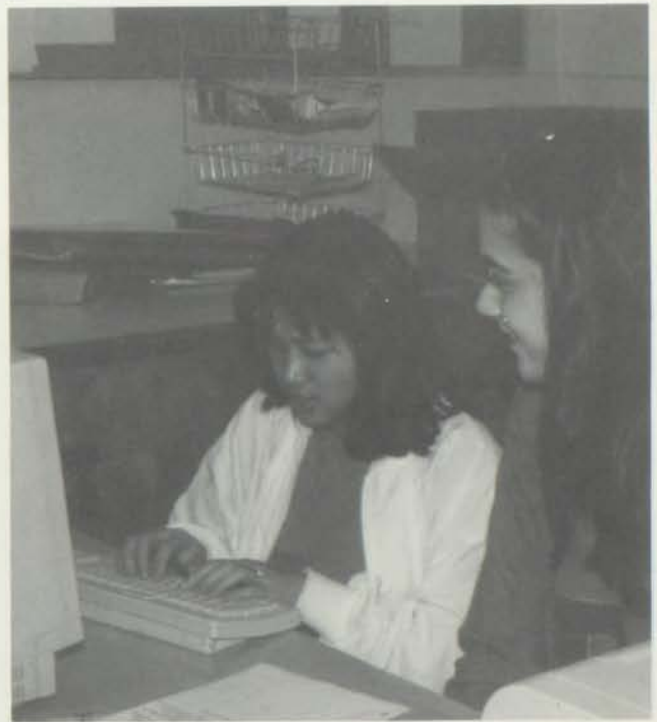

The class was opened up on Saturdays for students who needed to work on their pages. Pizza provided to be a great motivator. There seemed to be many students who needed to work on these occasions.

Overall, this class was very enthusiastic and knew how to get the job done. Mike Githens was this year's annual teacher and he did a great job and had a fun sense of humor.

**HEY NOW...**Ane Sophie Olsen looks suprised as a picture is taken while Crista Kiefiuk ignoring it all thinks of captions. The two ladies put out good work.

**TWO "D"'S AT WORK...**Senior Del'Aurore Kyly and junior Dani Sigler are hard at work typing in their stories. Both Kyly and Sigler were an asset to the staff.

**TEAM EFFORT...**Seniors Brice Baker, Brad Carter, Del'Aurore Kyly, and junior Dani Sigler look to see how the 91-92 cover will look. The four worked very hard on the Yearbook.

**QUIETLY WORKING...**Senior Mandy Schell works on the computer placing ads. Schell was a great help to have on this years staff.

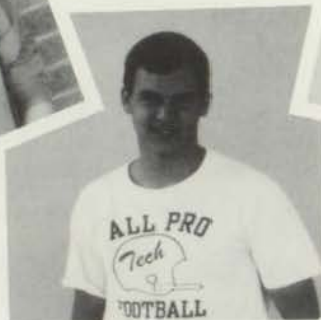

**TIME OUT...**Senior Carrie Gordon, and junior Shane Ullrich take a short break to tell a few jokes. Both Gordon and Ullrich knew how to be serious when deadlines rolled around.

**LETS SEE NOW**
