Gun safety helps prevent accidents

Our Daisy BB gun range is set up and ready to teach

Lebanon City Council Meeting 3/13/24- The Kids S.A.F.E. Foundation is a 501c3 nonprofit based in Eugene, a kids safety organization. We specialize in firearm safety and accident prevention for children. Since our founding back in 2016 we have reached over 29,000 kids in 5 states and have taught them important life skills. We have taught over 21,000 kids with the help of this Daisy Inflatable Shooting Range. We inflate it and run the kids through a quick safety brief on the 4 basic safety rules. Then they put on safety glasses and the kids step into the range with our trained instructors. They will then learn important safety disciplines through proper experience. Our organization is licensed and fully insured. We are seeking your permission on city code 9.20.040. We would like permission to set up our range on June 2nd, 2024 to outreach to the kids of your community. ZERO firearm accidents is the only acceptable goal!!®
